Getting Started

Business Online Banking Domestic Wires

This user guide provides instructions for BECU’s self-serve domestic wire service in Business Online Banking. You should be able to send domestic wires after you receive a notification from us that the service has been set up in your Business Online Banking profile.

If you have logged in to your Business Online Banking account, but you DO NOT see the Cash Management section on the left-hand navigation bar, please contact us at **800-704-8080**, so we can get you set up properly.

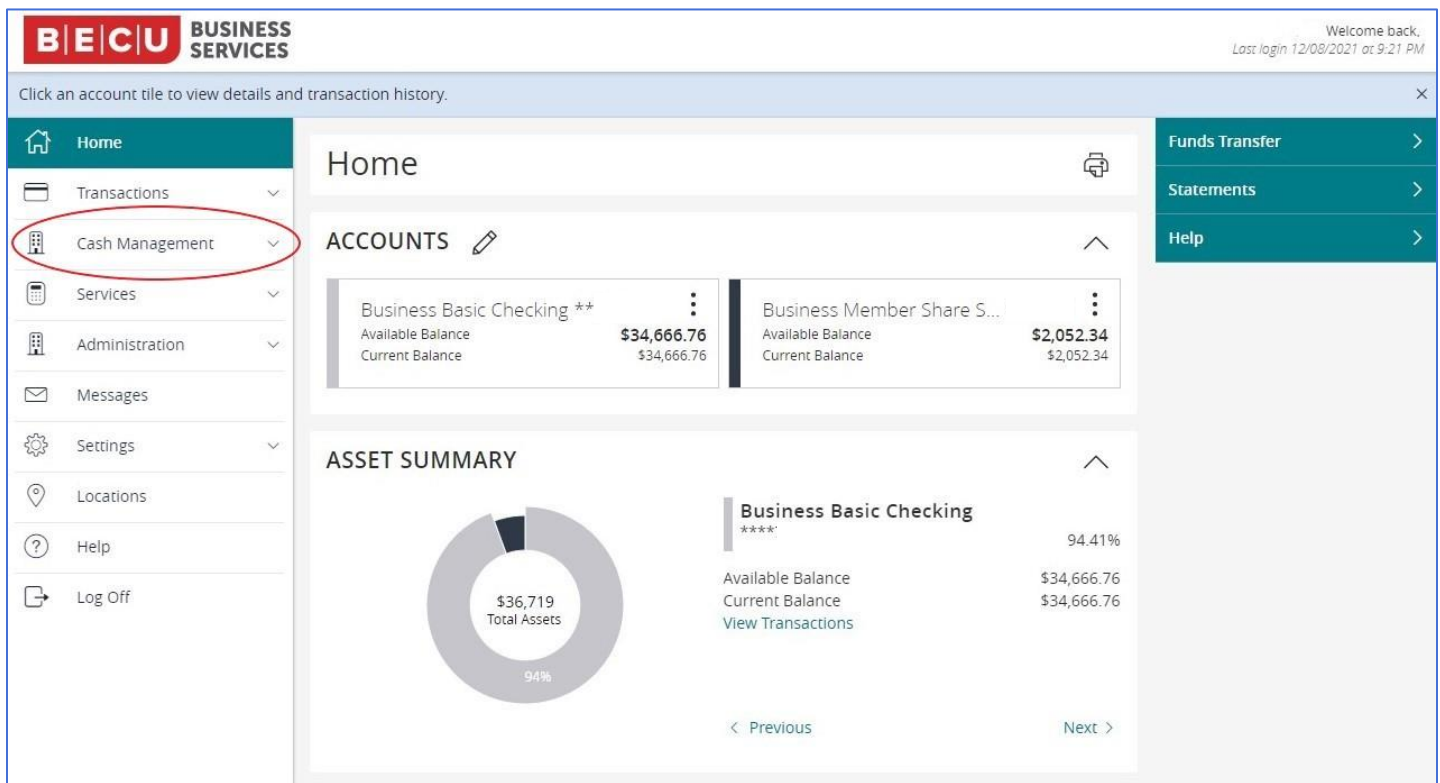

FIGURE 1

Terms and Conditions

You must accept the Business Online Banking Wire Transfer Service Terms and Conditions before you can begin using wires. To accept the BECU Online Domestic Wire Service:

1. Click Cash Management on the left-hand navigation bar.

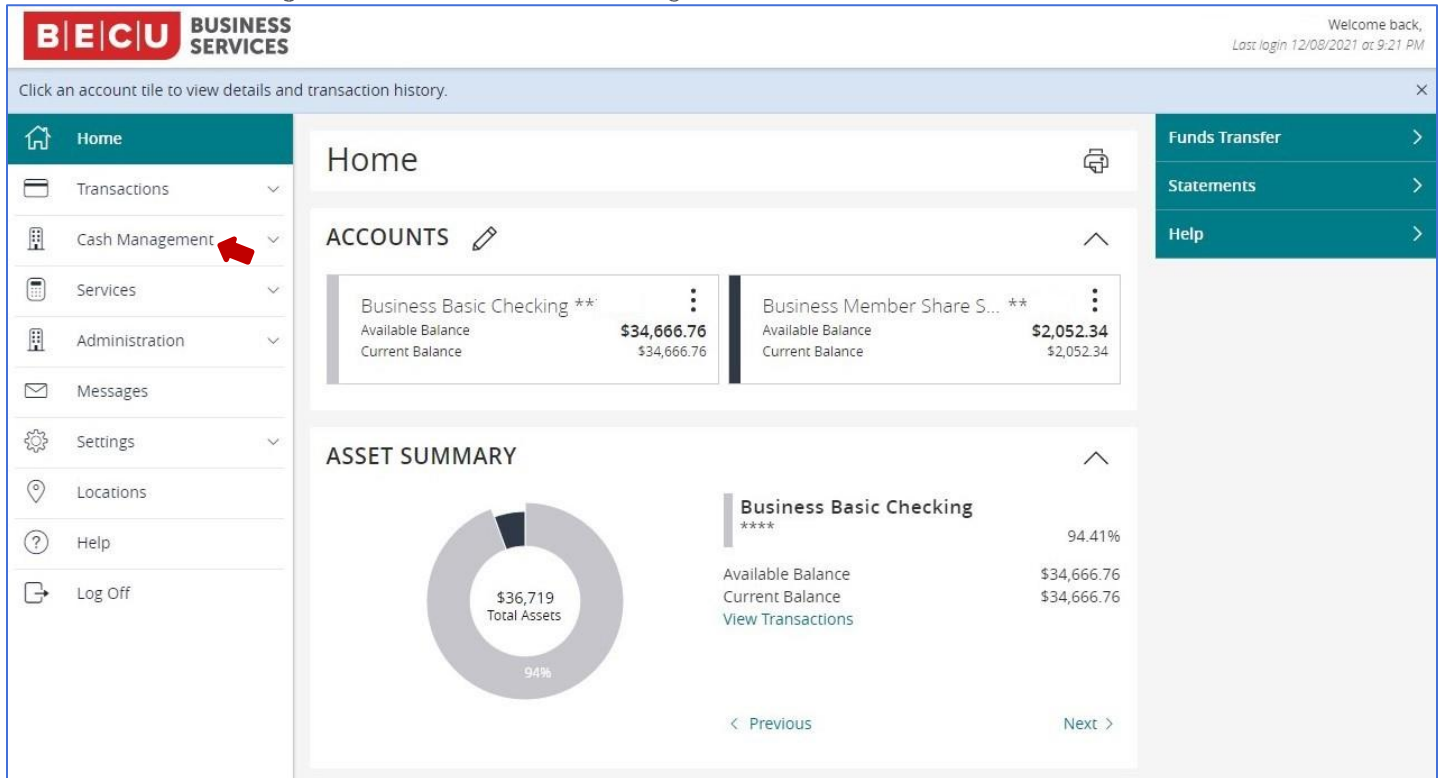

FIGURE 2

2. Click External Payments. This will display the latest version of the Terms and Conditions of the Business Online Banking Wire Transfer Service Terms and Conditions (see Figure 4).

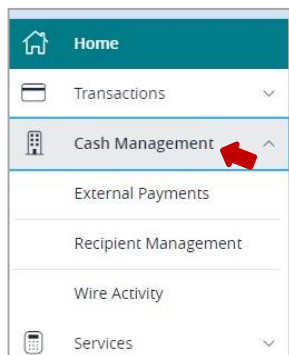

FIGURE 3

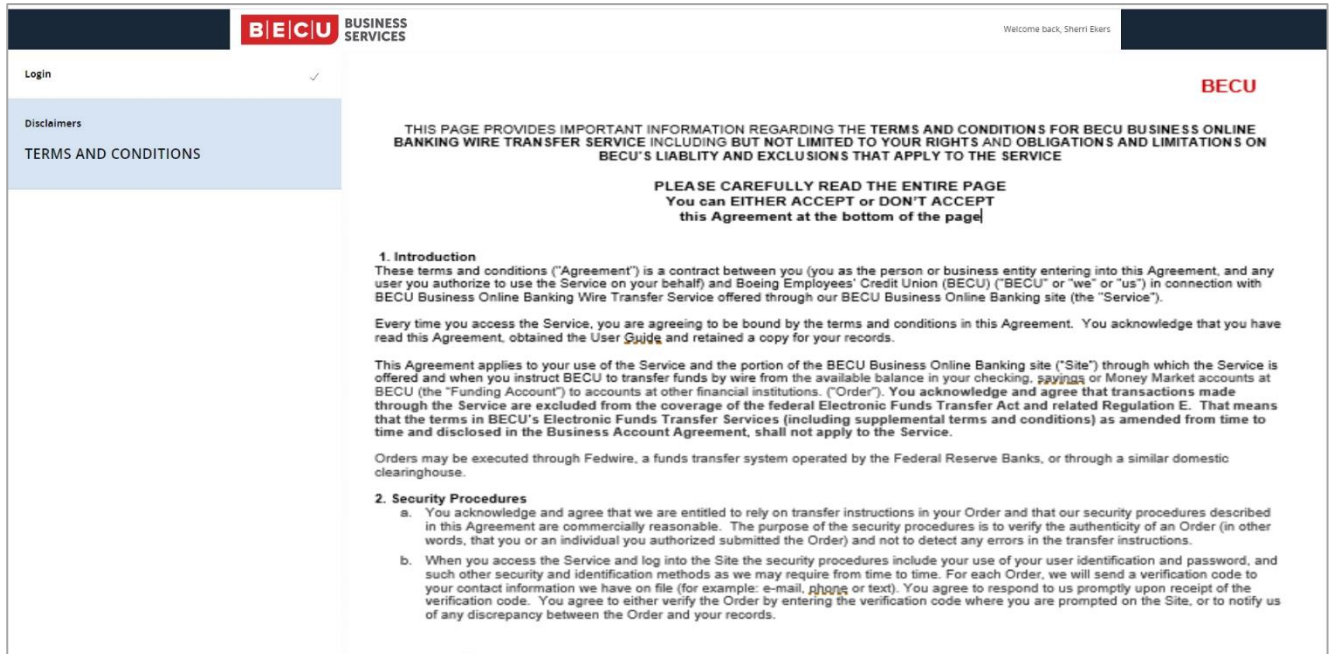

FIGURE 4

3. Read the document and click the I Accept button. You can always find the most current version of the BECU Online Domestic Wire Terms and Conditions on our website Forms page at becu.org/support/business-forms in the Miscellaneous section.

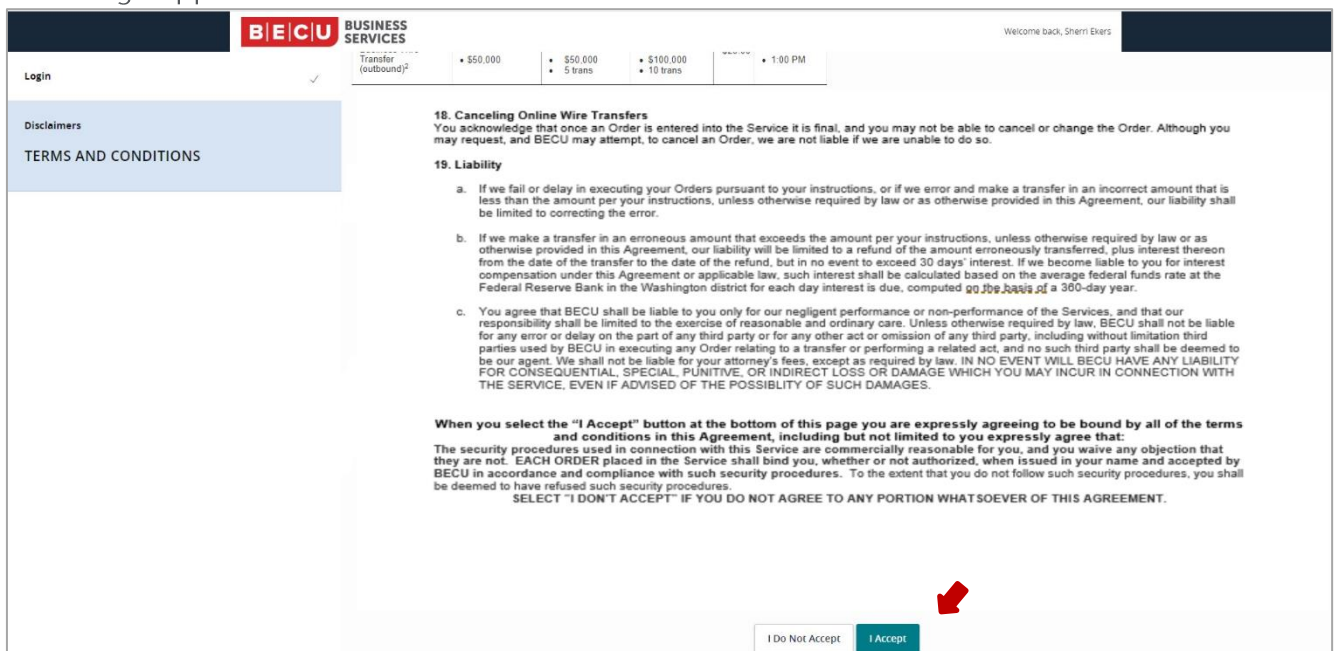

FIGURE 5

Dual Control Security Procedure

Important: BECU now requires members to use Dual Control for security when sending online wires. This means there must be one user set up to draft wires and a second user set up to approve and send wires.

Members who cannot set up more than one user, or who do not wish to use Dual Control, are subject to additional liabilities as indicated in the Terms and Conditions and must submit a completed and signed Business Online Banking Domestic Wires Request Form that indicates they accept this liability.

BECU will disable Dual Control restrictions for members who opt out of this security procedure after we receive the completed and signed Business Online Banking Domestic Wires Request Form.

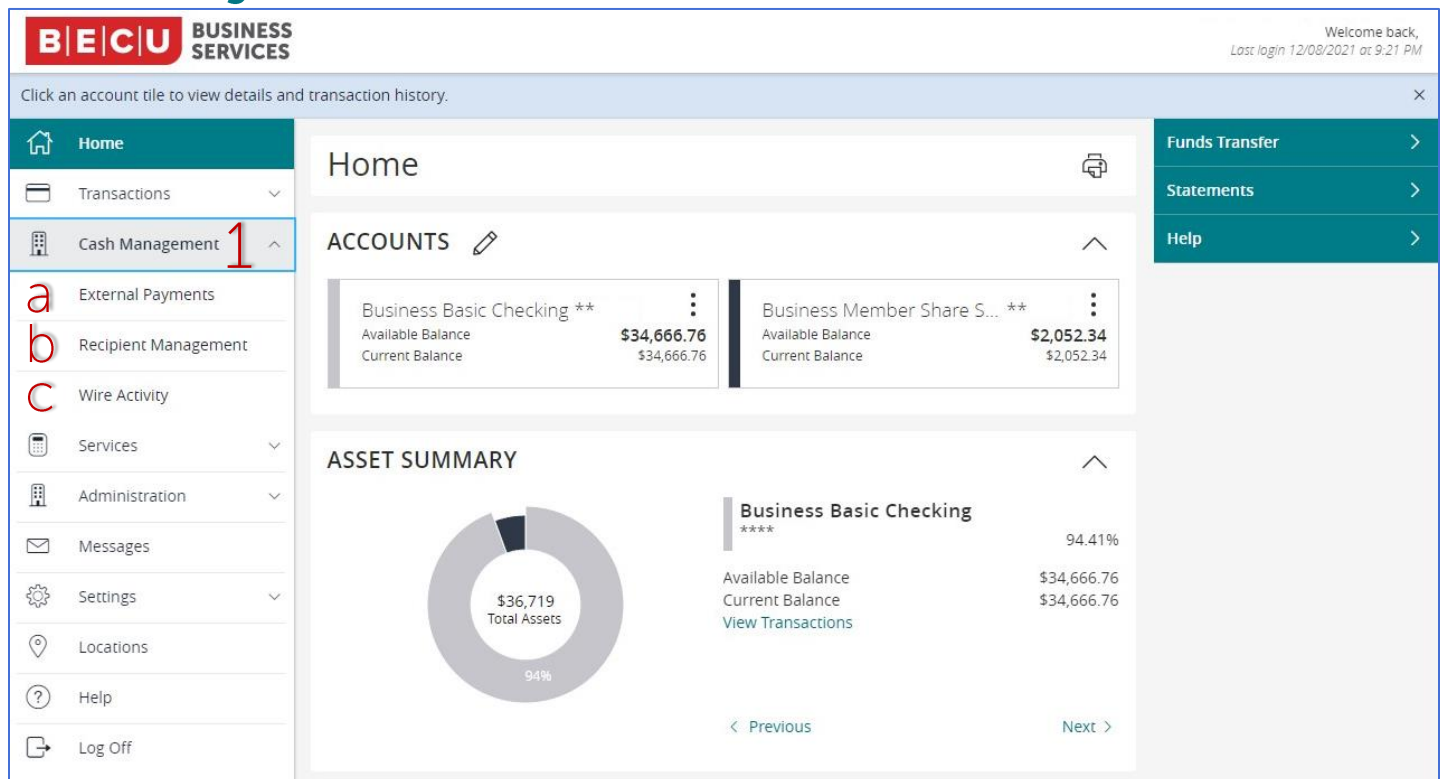

If you decide to opt out of the security procedure, you can either complete, sign, and submit the request form electronically online at becu.org/support/business-forms, or complete and sign the form in person at any BECU location. To find a location near you, visit becu.org/locations.

For more information on opting out of Dual Control, see the Appendix A section of this document.

Navigation and Display

You can access most of the online domestic wire service functions from the Business Online Banking dashboard.

Cash Management

The screenshot shows the BECU Business Services dashboard. The 'Cash Management' menu item is highlighted with a red '1'. The dashboard displays account balances for 'Business Basic Checking' and 'Business Member Share S...', an 'ASSET SUMMARY' section with a donut chart showing \$36,719 in Total Assets (94% from Business Basic Checking), and a sidebar with navigation options like Funds Transfer, Statements, and Help.

FIGURE 6

Note: In addition to the domestic wires service, the Cash Management section includes the following (more features coming later in 2022):

- External Payments
- Recipient Management
- Wire Activity

External Payments

From the Payments screen, you can start setting up your domestic wire payments or create payment templates for future use.

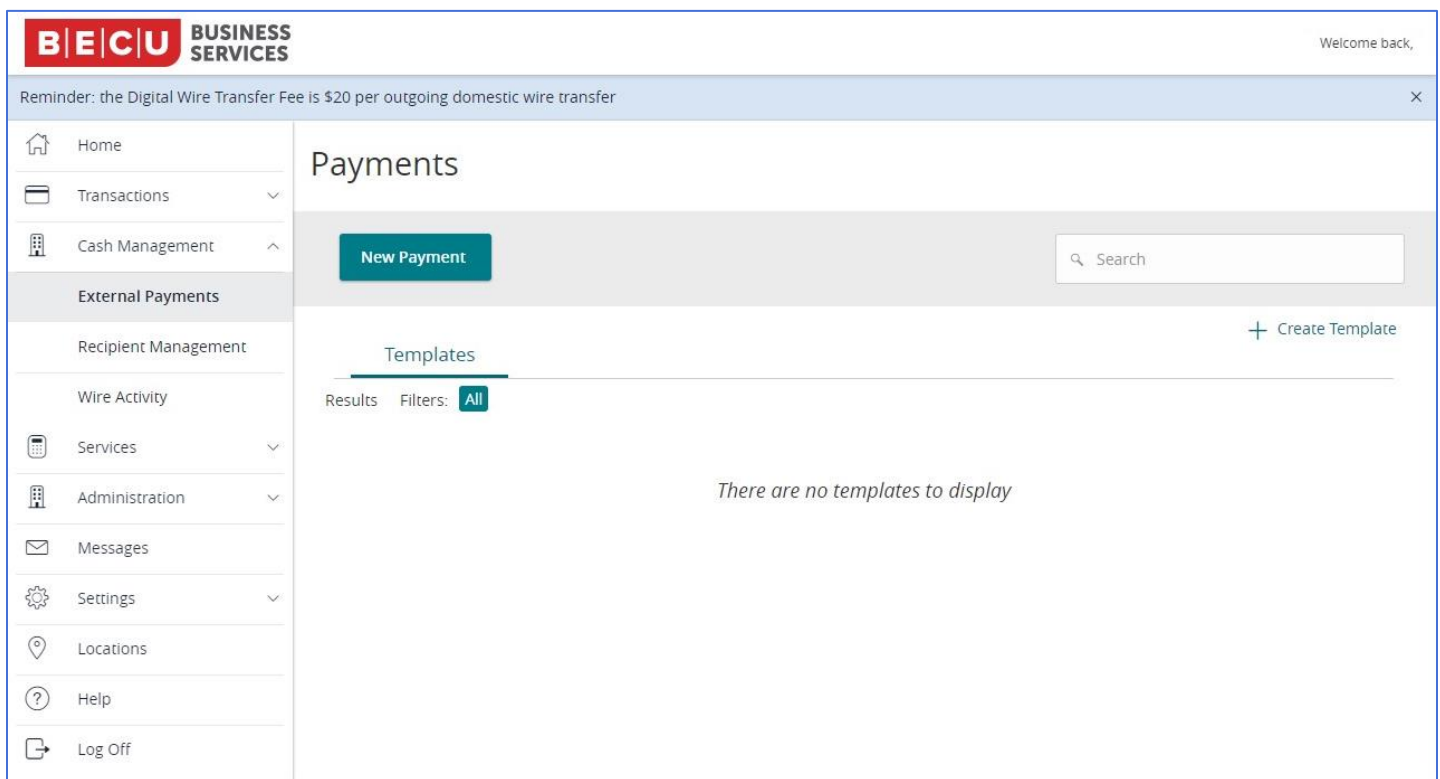

FIGURE 7

1. Click the **New Payment** drop-down to see the available payment types. Currently, you can only choose **Domestic Wire** under the **Wire** payment heading.
2. Click **Domestic Wire** to be taken to the screen where you can create your wires.

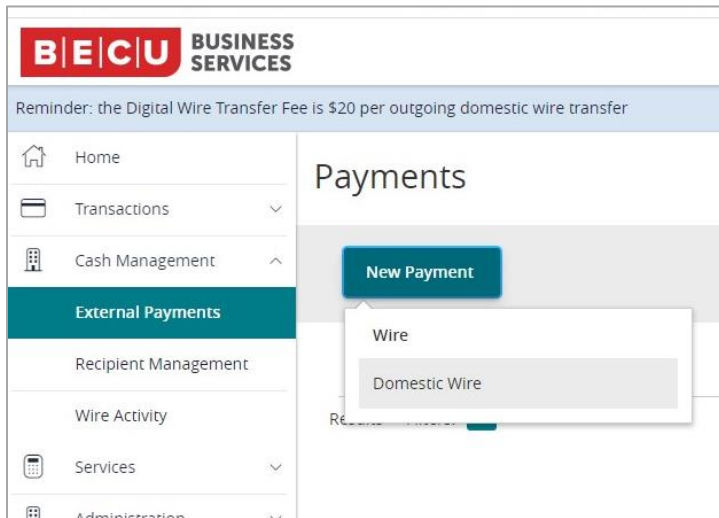

FIGURE 8

3. Click **Create Template** to expand a drop-down of payment template types. Currently, you can only choose the **Domestic Wire** template to complete and save for future use. Named and saved templates will be listed in the **Template Display** section below the **Create Template** drop-down.

Note: You can search for templates you have created by entering the template name in the search bar above the **Create Template** drop-down.

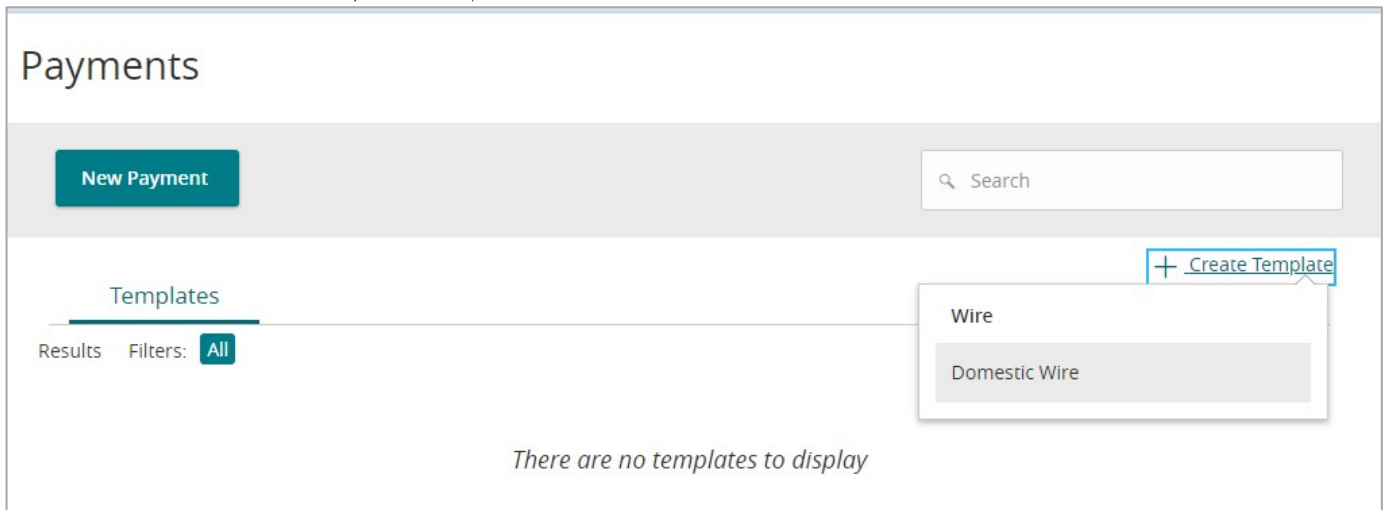

FIGURE 9

Recipient Management

From the Recipients screen, you can add your payment recipients and save them for future use.

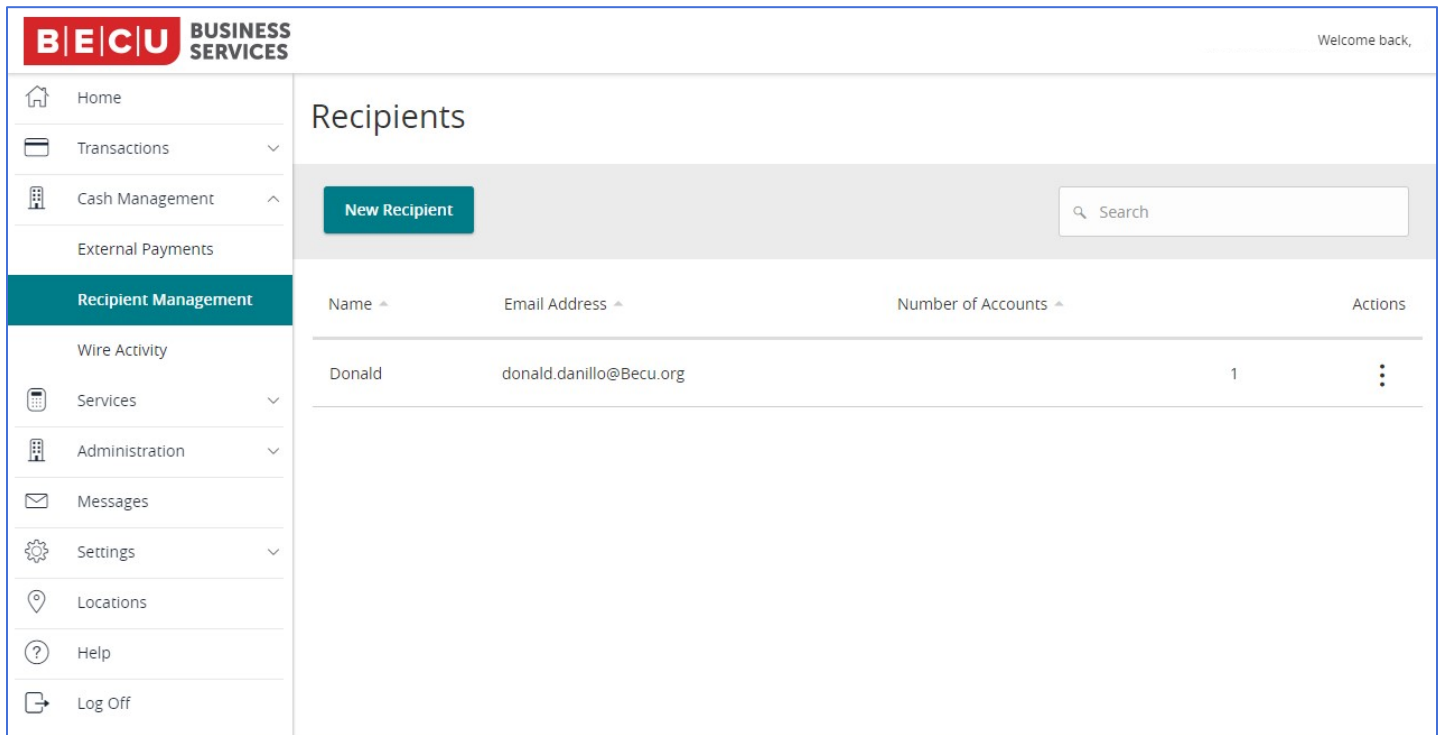

FIGURE 10

1. Click the **New Recipient** button to be taken to a screen where you can enter recipient information for wires payments. Any new recipients you save will show up in the display area.

Note: You can search for saved recipients in the search bar above the recipient display area.

2. Click the three stacked dots under **Actions** to **Edit**, **Delete**, or view the wires **Payment History** for a particular recipient.

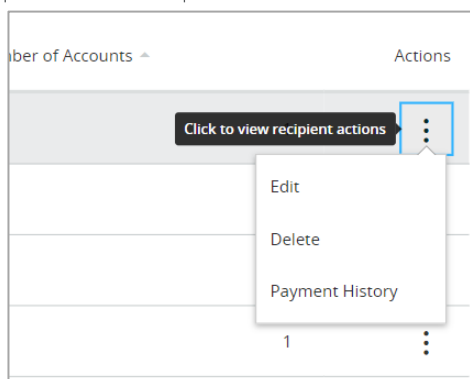

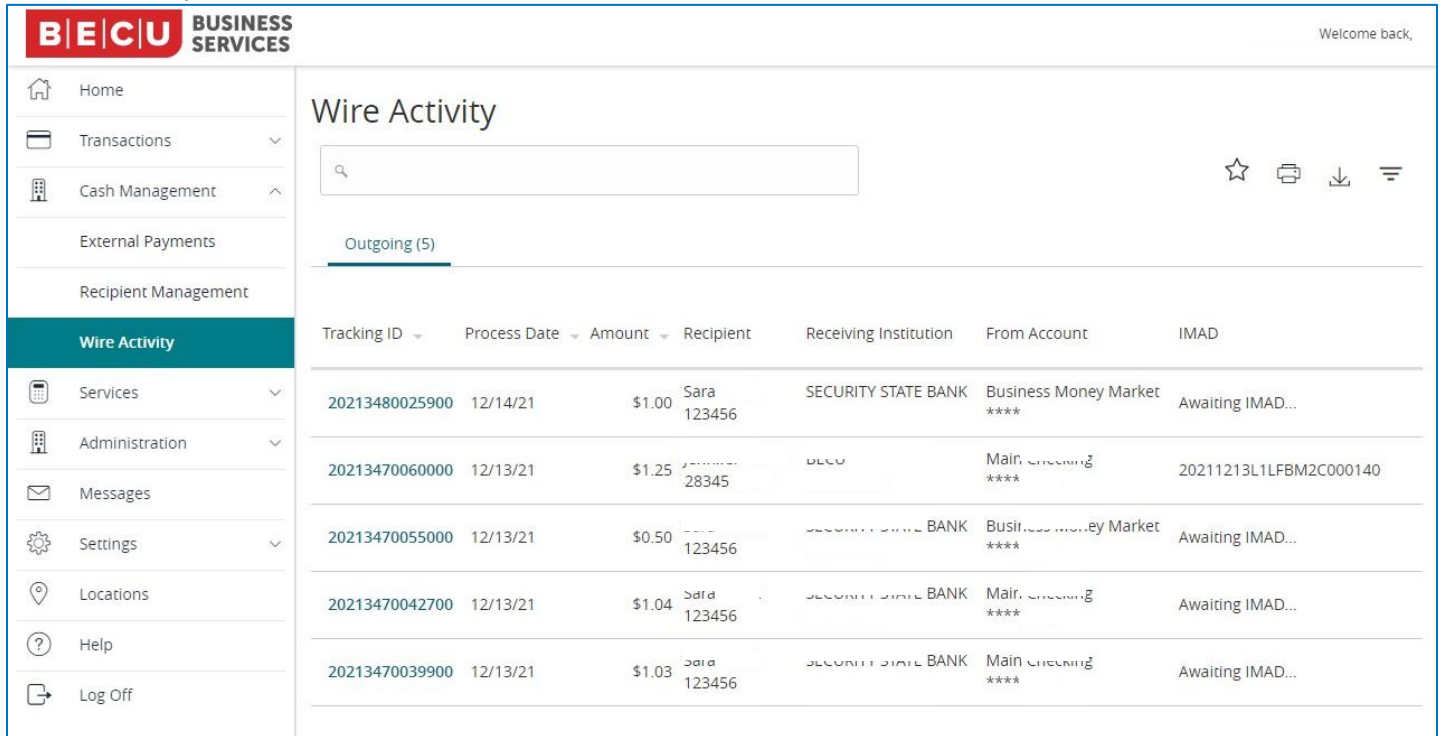

FIGURE 11

Wire Activity Page

From the Wire Activity screen, you can view sent wires to determine their status and look up any wire details. Wires that have been assigned an IMAD number have been completely processed and sent out to the beneficiary bank.

Tracking ID	Process Date	Amount	Recipient	Receiving Institution	From Account	IMAD
20213480025900	12/14/21	\$1.00	Sara 123456	SECURITY STATE BANK	Business Money Market ****	Awaiting IMAD...
20213470060000	12/13/21	\$1.25	Jessica 28345	BECU	Main Checking ****	20211213L1LFBM2C000140
20213470055000	12/13/21	\$0.50	John 123456	SECURITY STATE BANK	Business Money Market ****	Awaiting IMAD...
20213470042700	12/13/21	\$1.04	John 123456	SECURITY STATE BANK	Main Checking ****	Awaiting IMAD...
20213470039900	12/13/21	\$1.03	Sara 123456	SECURITY STATE BANK	Main Checking ****	Awaiting IMAD...

FIGURE 12

Note: Use the search bar above the Outgoing Wire Activity list to search for a specific transaction.

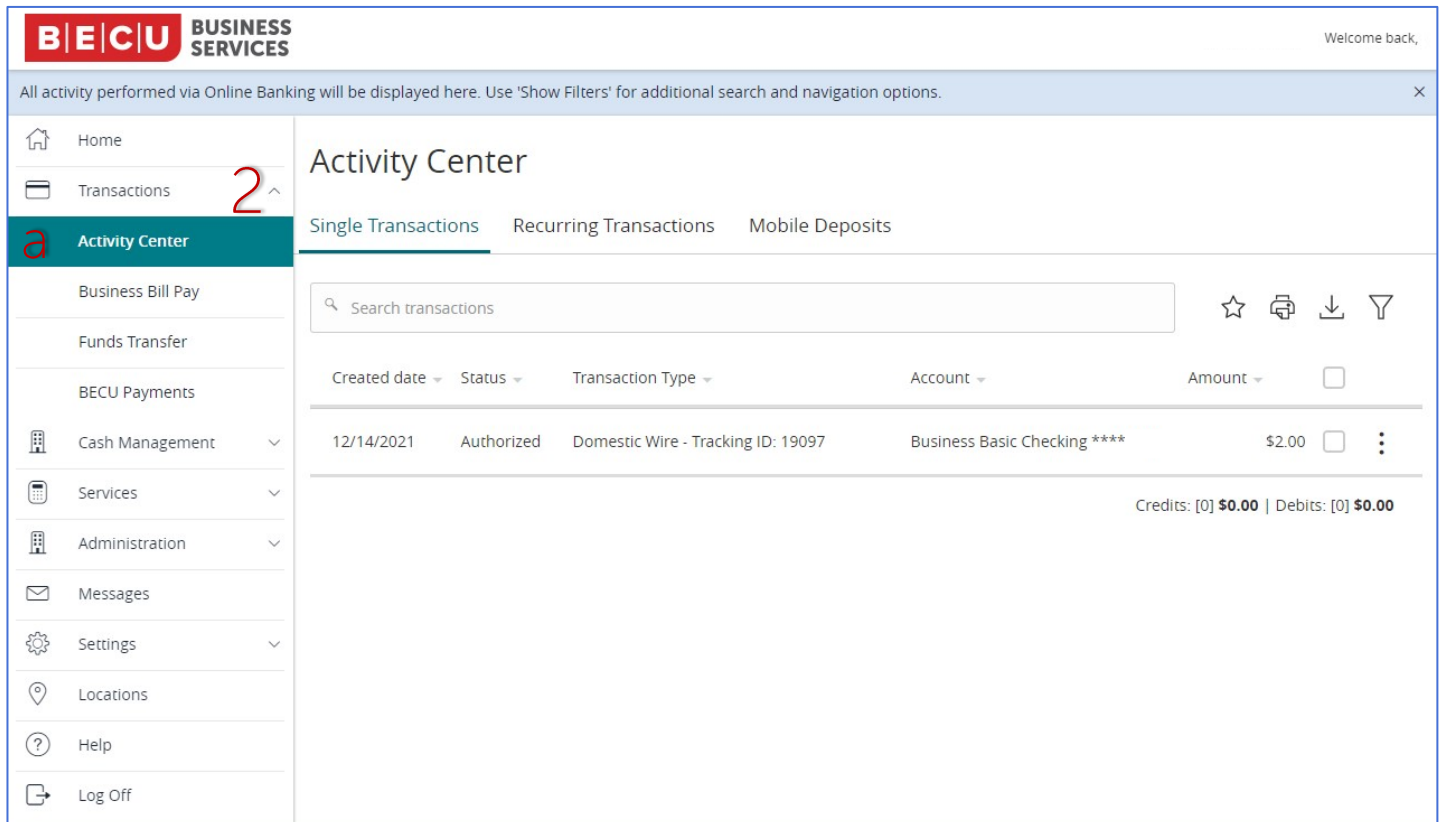

FIGURE 13

Note: Click the icons to the right of the search bar for the following functions:

- Star: Adds the Wire Activity screen to your Favorites
- Printer: Prints the list of transactions
- Down arrow: Exports the information to .csv file format
- Funnel: Filters the search criteria

Transactions Activity Center

Wire activity may also be displayed in the Activity Center under Transactions on the left-hand navigation bar. Transactions in the Activity Center are organized by Single Transactions or Recurring Transactions. Wires display in the Activity Center as either Authorized or Processed. Completed wires will only display on the Wire Activity screen.

The screenshot shows the BECU Business Services Activity Center interface. The left-hand navigation bar includes options like Home, Transactions, Activity Center, Business Bill Pay, Funds Transfer, BECU Payments, Cash Management, Services, Administration, Messages, Settings, Locations, Help, and Log Off. The main content area is titled 'Activity Center' and has tabs for 'Single Transactions', 'Recurring Transactions', and 'Mobile Deposits'. A search bar is present with the text 'Search transactions'. Below the search bar is a table with the following data:

Created date	Status	Transaction Type	Account	Amount	
12/14/2021	Authorized	Domestic Wire - Tracking ID: 19097	Business Basic Checking ****	\$2.00	<input type="checkbox"/> ⋮

Summary: Credits: [0] \$0.00 | Debits: [0] \$0.00

FIGURE 14

Administration

The Administration section on the left-hand navigation bar is where User Management and Alerts are located.

UNLOCK A USER

No Users To Unlock

FIGURE 15

Security Preferences

Administrative users may change their Security Preferences

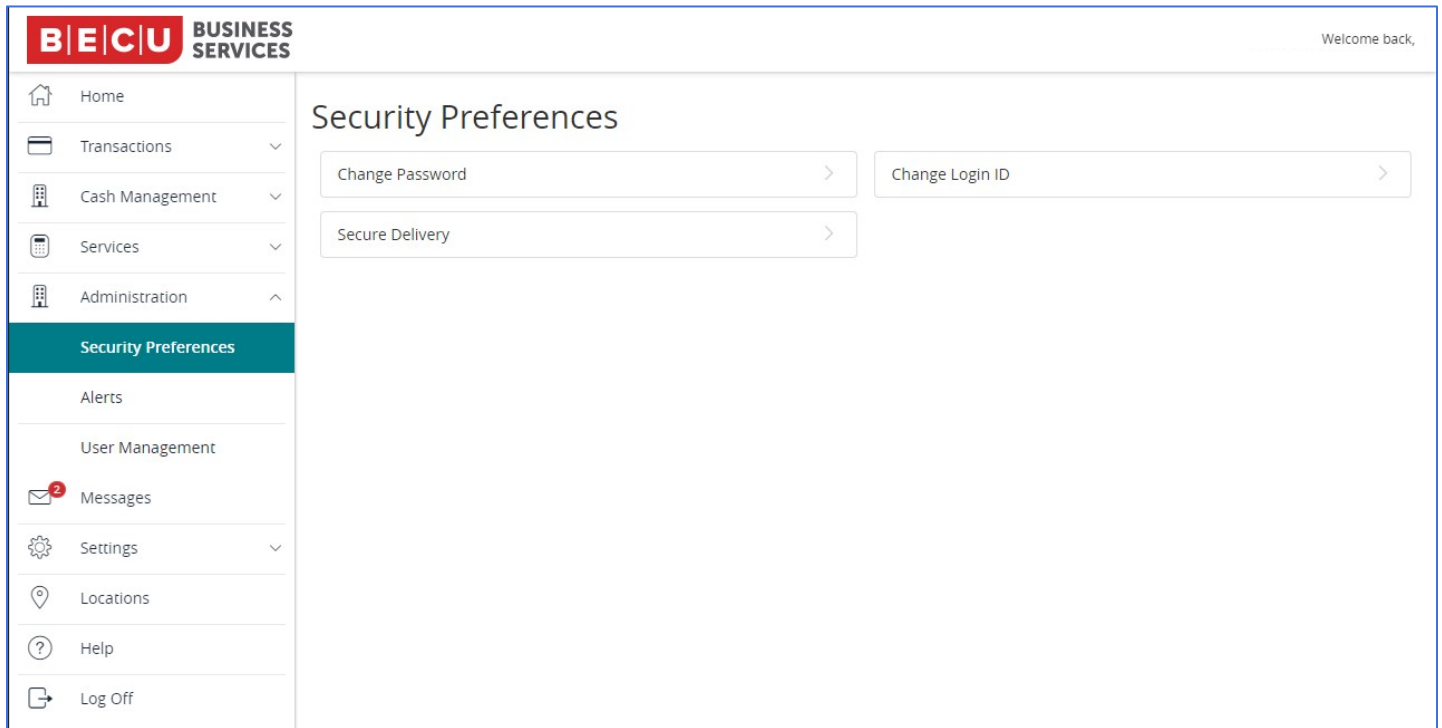

FIGURE 16

Alerts

Administrative users and other authorized users who have rights may set up wire-related alerts from the Alerts page.

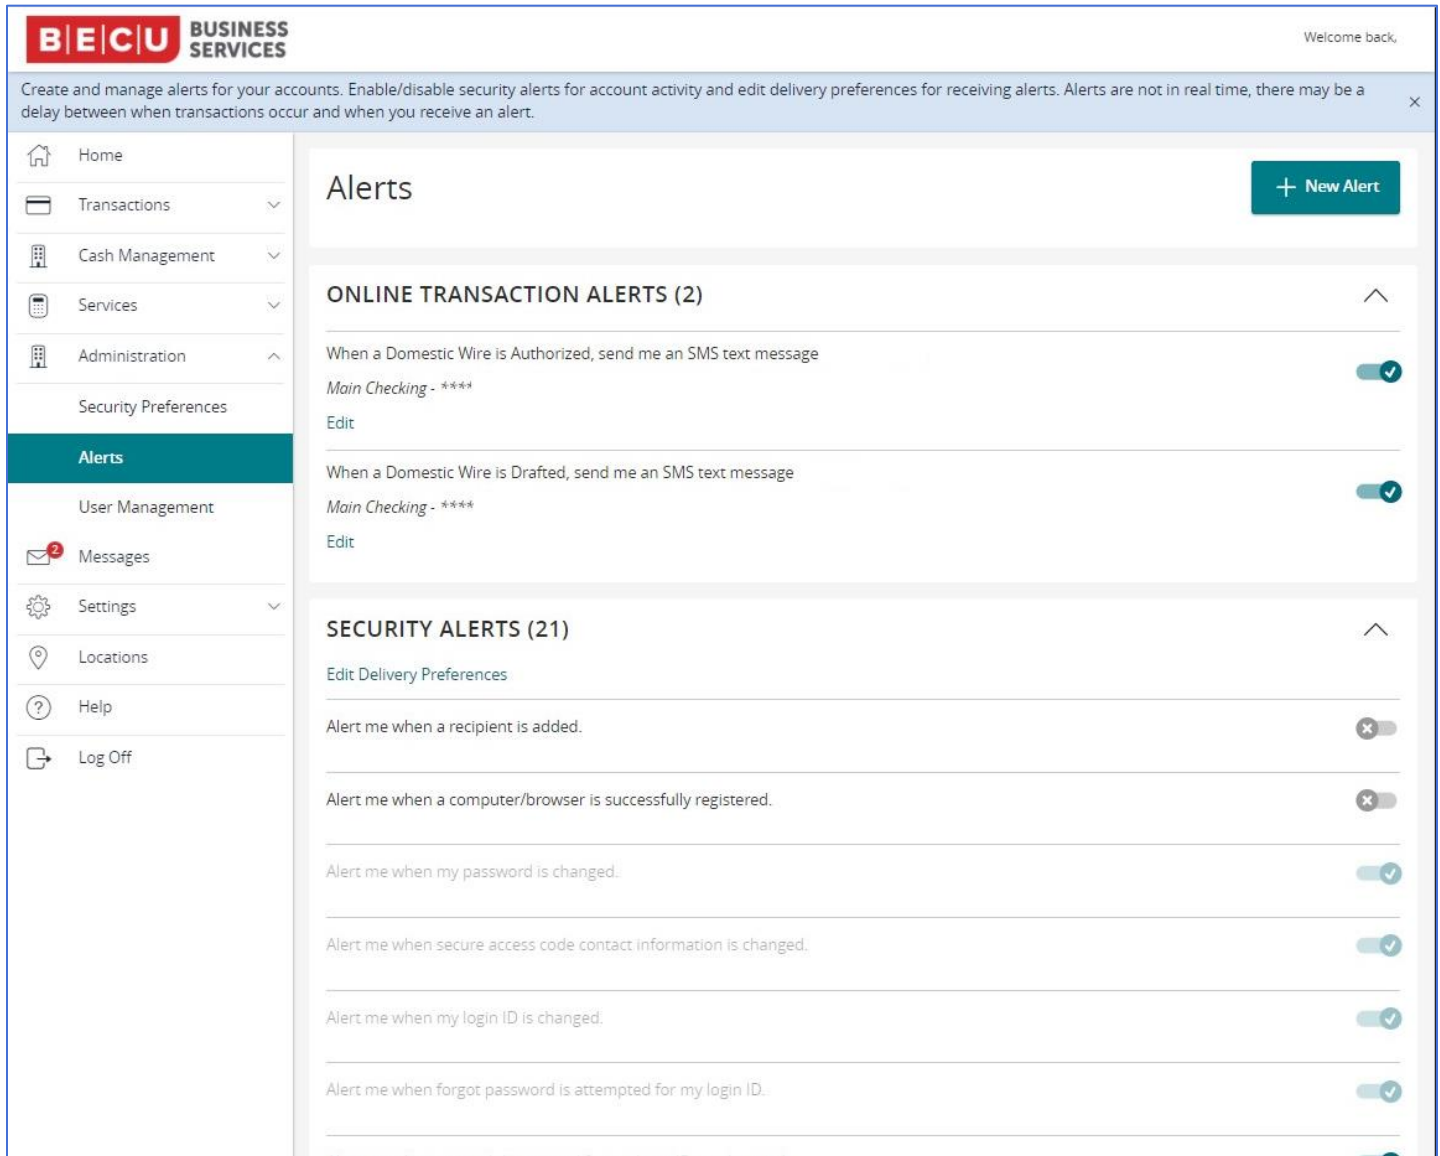

FIGURE 17

We recommend that administrative users set up the following types of standard alerts:

- Alerts to notify you if any password, user ID, or secure access contact information is changed or updated
- Alerts to notify you if there are any password changes or unsuccessful login attempts that result in an account lockout
- Alerts to notify you when you receive a secure message from BECU
- Alerts to notify you if your login ID is disabled

We recommend that administrative users set up customized alerts for wires and their accounts. To set up custom alerts, click the **New Alert** button and choose the type of custom alert you want to set up.

Questions: Call BECU at 800-704-8080, Monday - Friday, 8 am - 5 pm (Pacific Time)

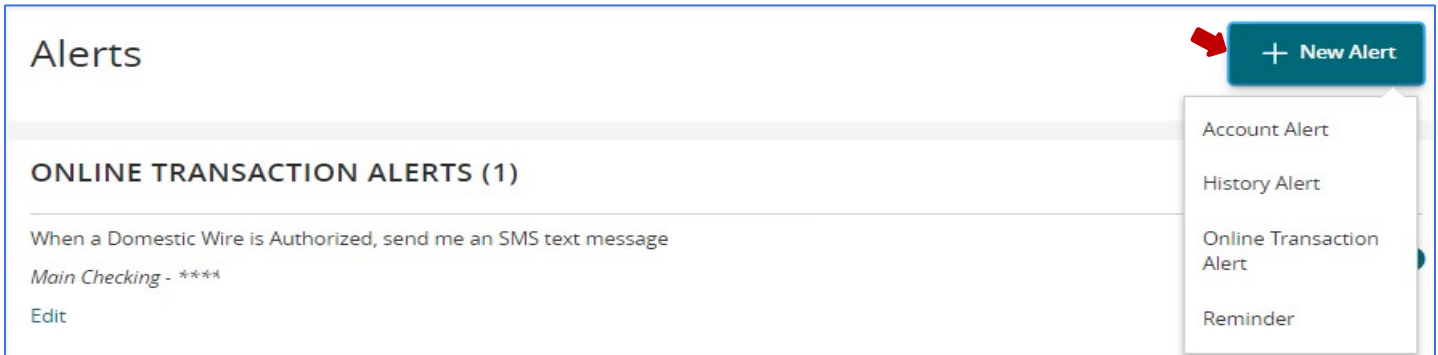

FIGURE 18

We recommend that administrative users set up the following customized alert types:

- Alerts to notify you if any of your balances drop below a certain threshold – Account Alert
- Alerts to notify you if a wire was authorized – Online Transaction Alert
- Alerts to notify you if a wire was drafted (if you are the approver) – Online Transaction Alert
- Alerts to notify you if a wire has failed or been cancelled – Online Transaction Alert

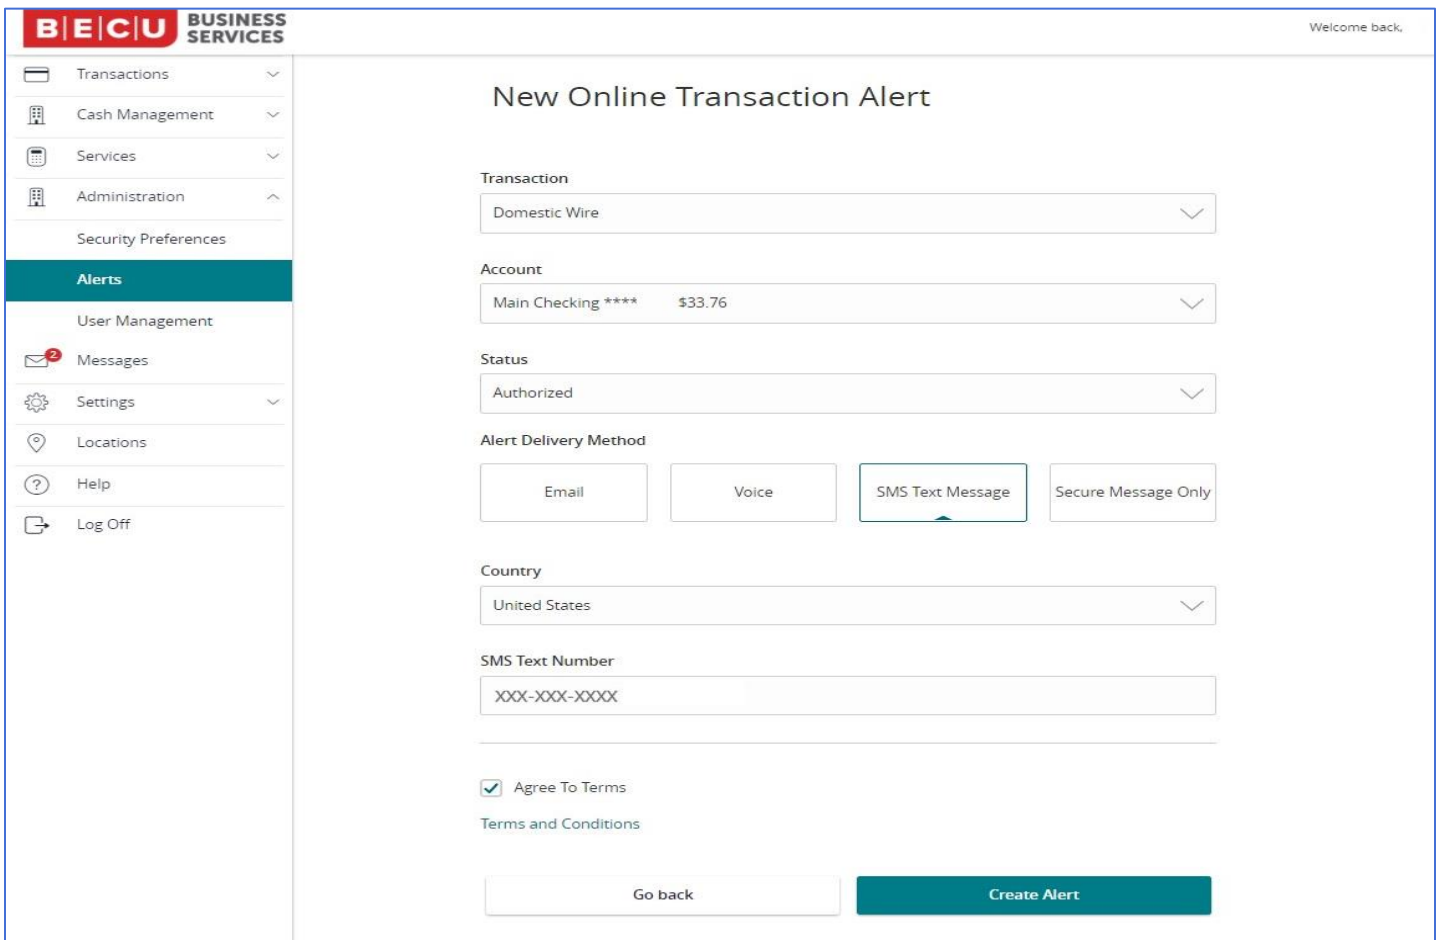

FIGURE 19

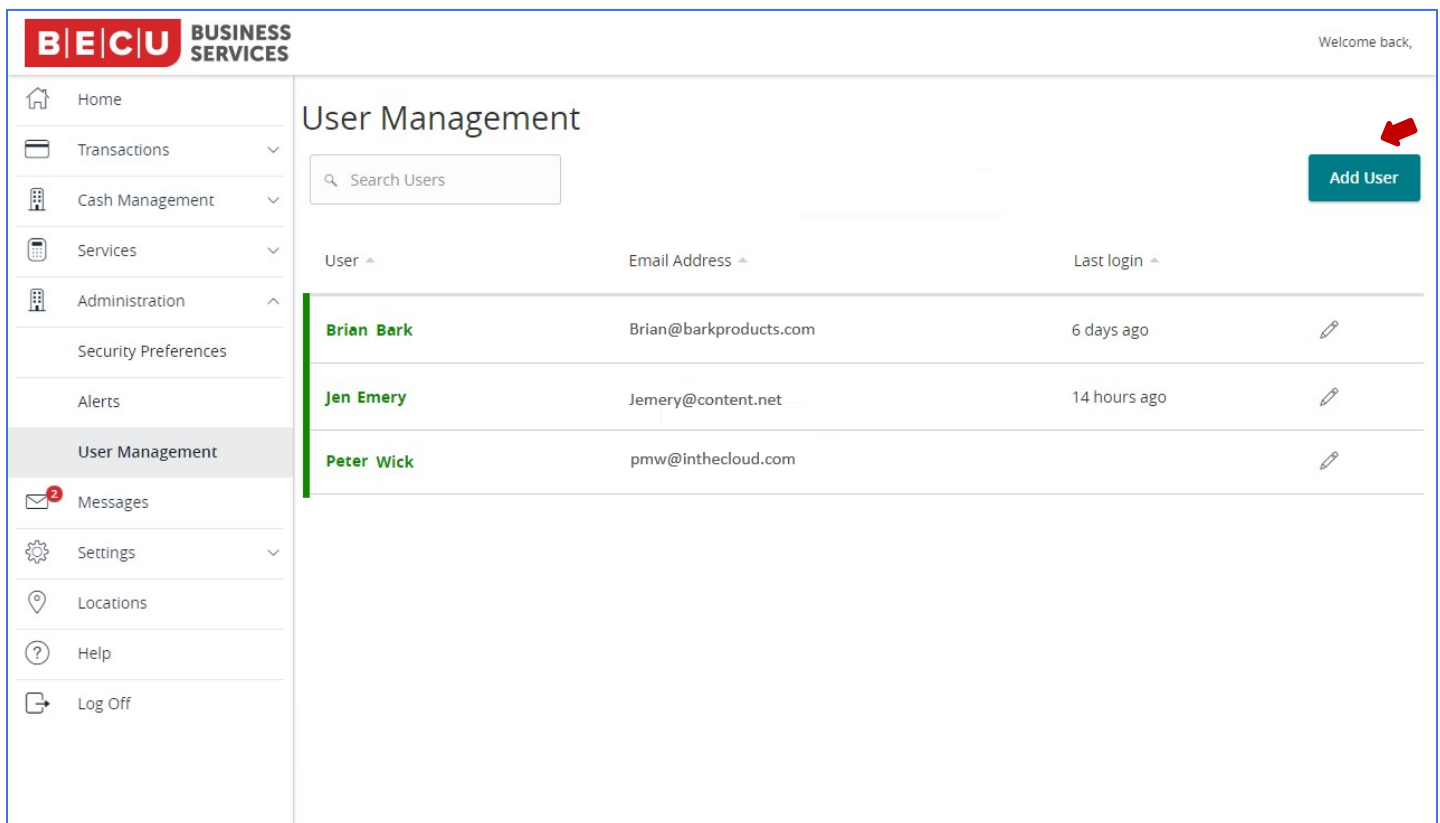

Questions: Call BECU at 800-704-8080, Monday - Friday, 8 am - 5 pm (Pacific Time)

Note: Online Transaction alerts are account specific. We recommend you set up alerts for each funding account you have listed for online domestic wires even if you typically only send out wires from one account. Receiving alerts to notify you of activity on an account you don't typically use for wires transactions is a good way to prevent fraud.

For additional Fraud Mitigation best practices see the Appendix B section of this document.

User Management

Administrative users may also add and edit sub-users and give them rights to draft, approve, and view wire activity on the User Management screen.

User	Email Address	Last login	
Brian Bark	Brian@barkproducts.com	6 days ago	
Jen Emery	Jemery@content.net	14 hours ago	
Peter Wick	pmw@inthecloud.com		

FIGURE 20

- Administrative users may add new users by clicking the Add User button or edit users by clicking on the pencil image to the right of the existing user. Clicking on the Add User button will take you to a New User Details page.

Transactions Features Accounts

Transaction Filter:

Filter: **All** Enabled Disabled

Domestic Wire Enabled

Domestic Wire Draft Approve Cancel View

Approval Limits

	Maximum Amount	Maximum Count
Per Transaction	\$ 50,000.00	
Daily Per Account	\$ 50,000.00	5
Daily	\$ 50,000.00	5

FIGURE 23

- Clicking on the payment type under the Transactions heading brings you to a rights page where you can assign rights to a user such as Draft, Approve, Cancel or View a wire. You can also set financial limits or limit the number of wires that user may send. BECU requires Dual Control for sending wires so it is on this page that you may assign users who may Draft, Cancel and View wires and where you may assign different users who may Approve, and View wires.
- Note that assigning all rights to all users will allow each user to both draft and approve wires but a drafted wire may not be approved by the user who drafted it, a second user will have to approve it.

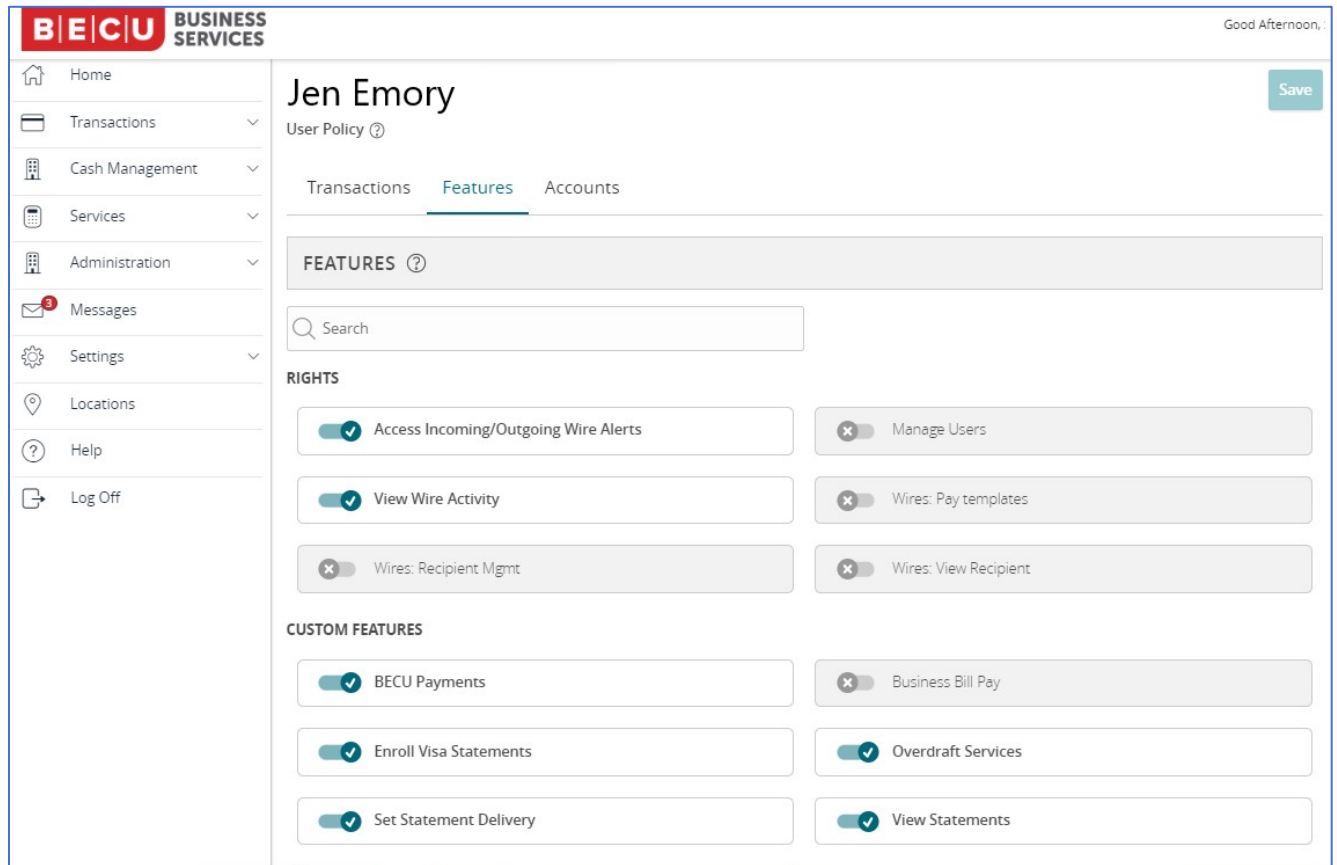

FIGURE 24

5. Clicking on the Features heading brings you to a different rights page where you can toggle on and off other rights beyond payment specific rights to a user and give them access to Custom Features.
6. Finally, clicking on the Accounts heading allows you to choose which accounts they have access to for Payments, Transfers, etc.

Note: It is imperative that you set up a minimum of 2 users for Business Online Banking Online Wires to function. This type of Dual Control is required unless you agree to additional liability and sign the Decline Dual Control section of the Domestic Wires Request Form. Please see the Appendix A section of this document on more information on how to opt out of Dual Control.

Creating and Sending a Wire

You can initiate one-time or recurring wire payments from the Cash Management External Payments screen.

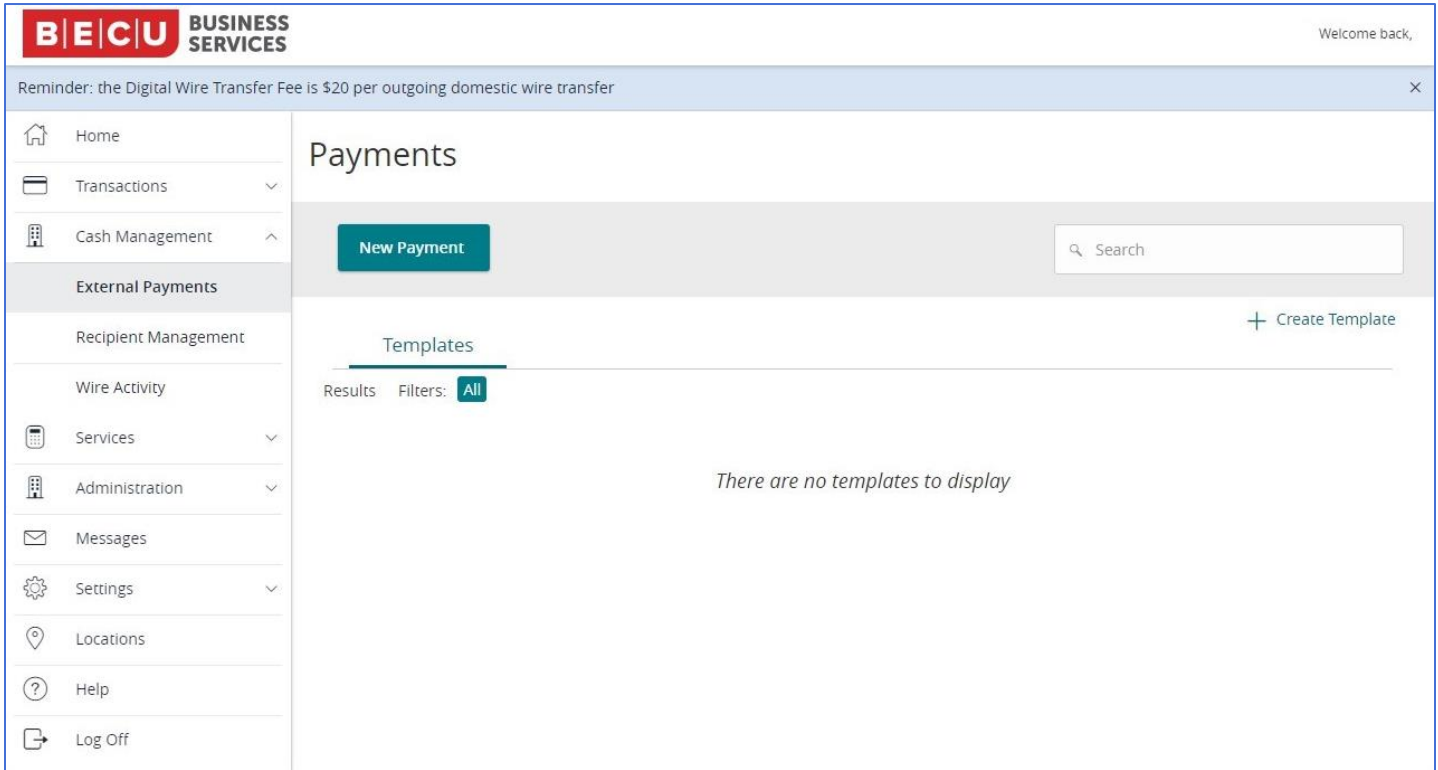

FIGURE 25

1. Click the **New Payment** button to see the **Domestic Wire** drop-down option under the **Wire** payment heading.
2. Click **Domestic Wire** to be taken to the **Domestic Wire** page where you can create and send wires.

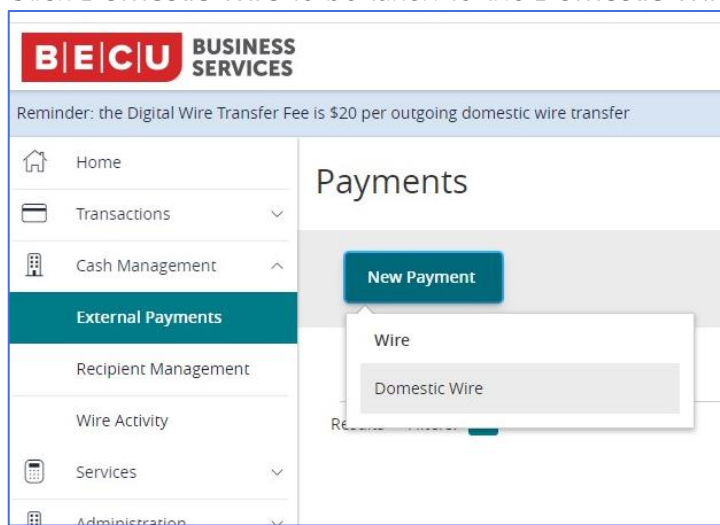

FIGURE 26

Domestic Wire Page

The Domestic Wire screen allows you to create a wire by entering information such as your account number, date, and the dollar amount of the wire. It also allows you to add recipient information if you have not created any stored recipients in the Recipient Management section.

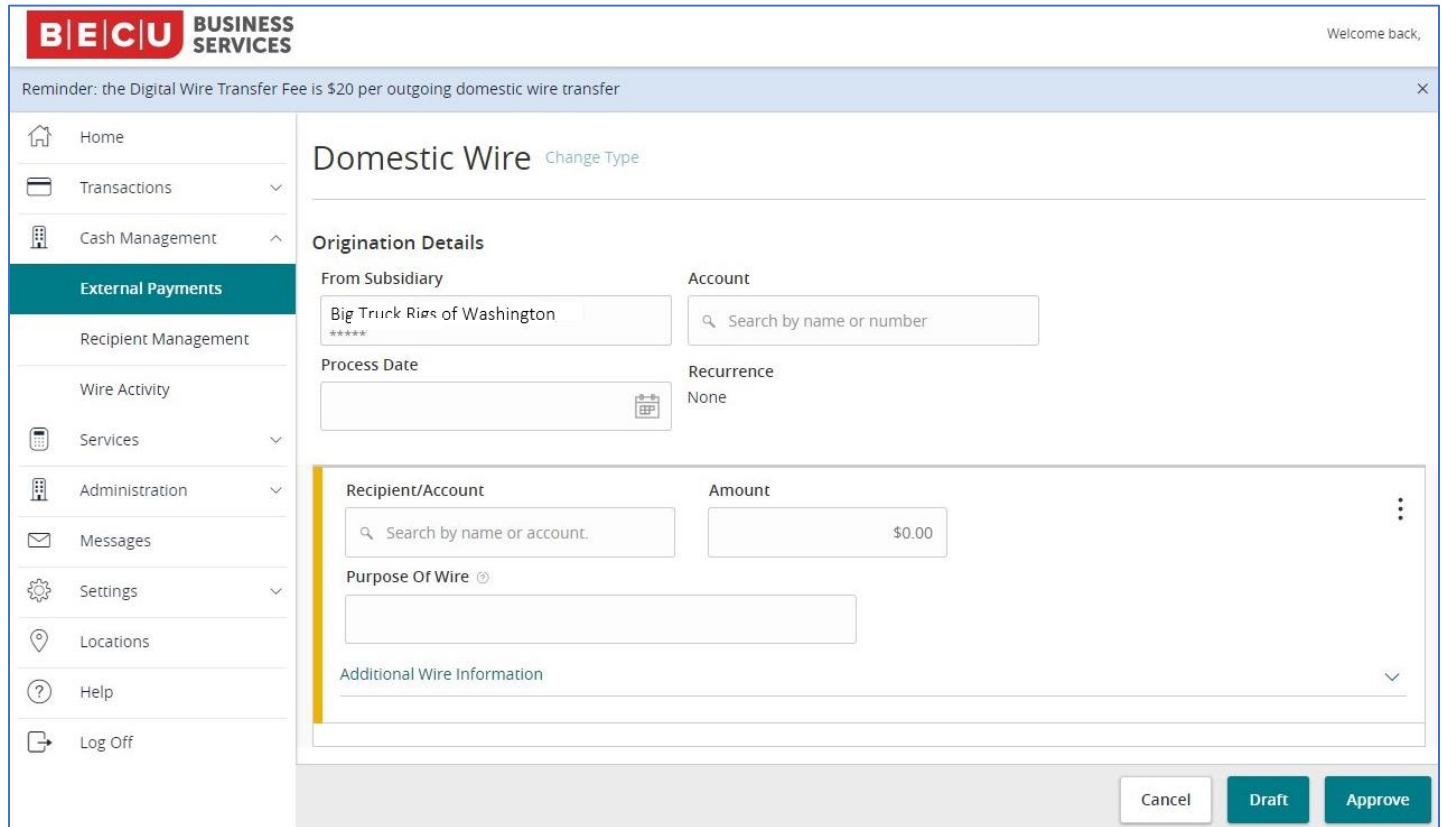

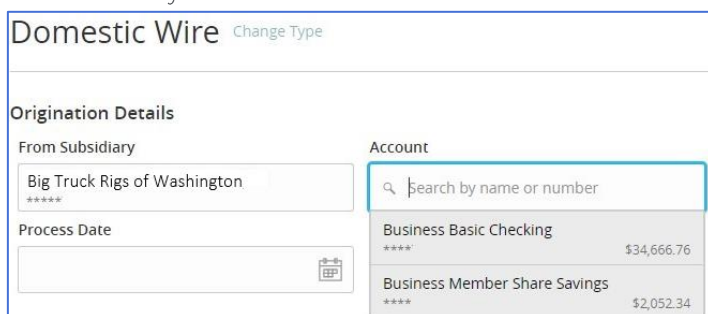

FIGURE 27

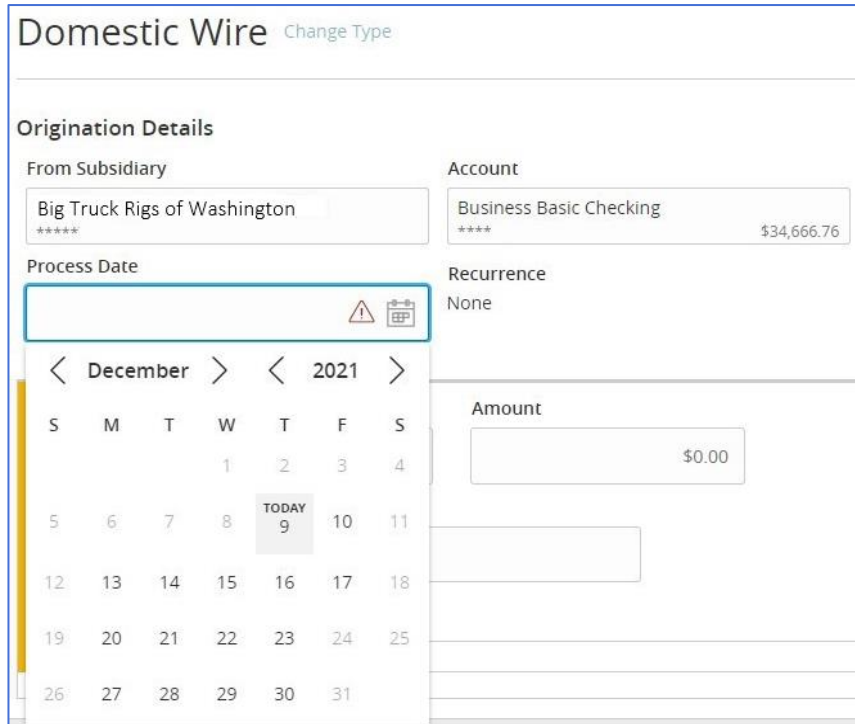

1. In the Origination Details section of the Domestic Wire page, your business account will be displayed in the **From Subsidiary** field. If you have multiple subsidiary businesses, you can click in the **From Subsidiary** field and a drop-down allows you to choose the subsidiary account you want to use to send a wire.
2. Click the **Account** field for a drop-down of all your checking, savings or money market accounts from which you can send wires.

Account	Balance
Business Basic Checking ****	\$34,666.76
Business Member Share Savings ****	\$2,052.34

FIGURE 28

- Once you have chosen the account, click in the **Process Date** field and select a date to process the wire from the calendar that displays.

Questions: Call BECU at 800-704-8080, Monday - Friday, 8 am - 5 pm (Pacific Time)

Sending the Wire

- Return to the Domestic Wire screen and enter the **Amount** and **Purpose of Wire** (required) in the corresponding fields.

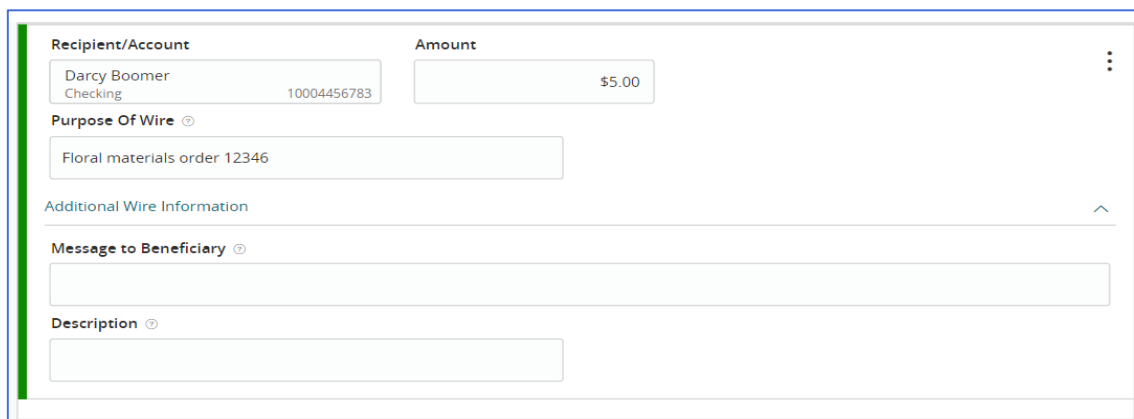

The screenshot shows the 'Domestic Wire' interface. On the left is a navigation menu with options like Home, Transactions, Cash Management, External Payments (highlighted), Recipient Management, Wire Activity, Services, Administration, Messages, Settings, Locations, Help, and Log Off. The main content area is titled 'Domestic Wire' and includes a 'Change Type' link. Below this is the 'Origination Details' section with fields for 'From Subsidiary' (Big Truck Rigs of Washington), 'Account' (Business Basic Checking, balance \$34,666.76), 'Process Date' (12/15/2021), and 'Recurrence' (Set schedule). A table lists the recipient details:

Recipient/Account	Amount
Darcy Boomer Checking 10004456783	\$5.00

Below the table is the 'Purpose Of Wire' field containing 'Floral materials order 12346' and an 'Additional Wire Information' section. At the bottom right are 'Cancel', 'Draft', and 'Approve' buttons.

FIGURE 39

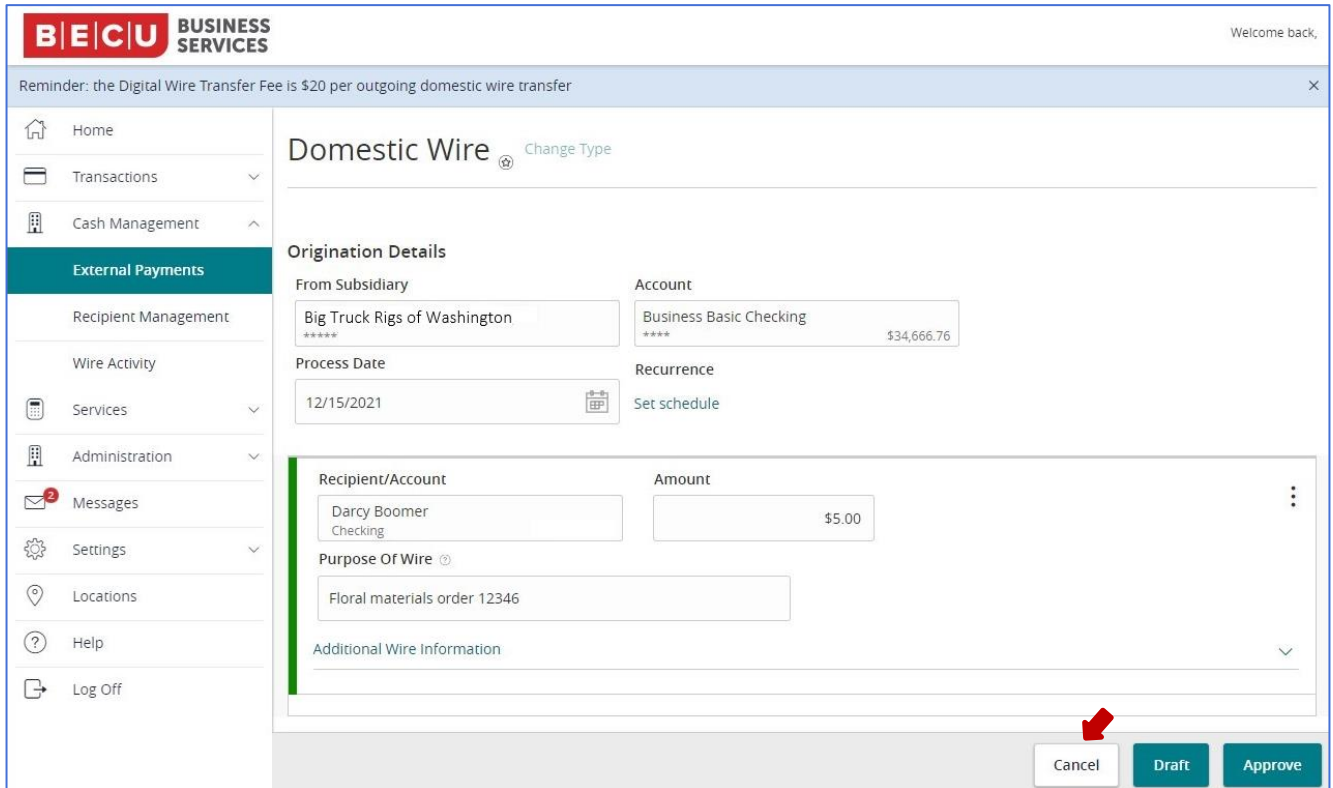

- By clicking on the **Additional Wire Information** line you may also provide optional information about the wire, such as a message about the wire in the **Message to Beneficiary** field and a **Description** field for your notes.

This close-up view shows the 'Additional Wire Information' section expanded. It includes the 'Recipient/Account' and 'Amount' fields from the previous screen. Below the 'Purpose Of Wire' field, there are three text input fields: 'Message to Beneficiary', 'Description', and an unlabeled field for additional notes.

FIGURE 40

3. Click the **Draft** button to save the wire without sending it. Your user with approval rights can send it when you are ready by finding the Drafted transaction in Transaction Activity Center and then Approving the transaction.

Reminder: the Digital Wire Transfer Fee is \$20 per outgoing domestic wire transfer

FIGURE 43

Viewing and Approving Drafted Wires

1. Click the View in Activity Center button to return to the Activity Center screen under the Transactions heading.

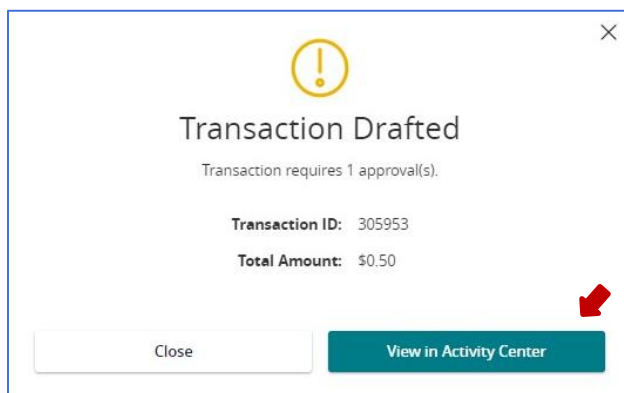

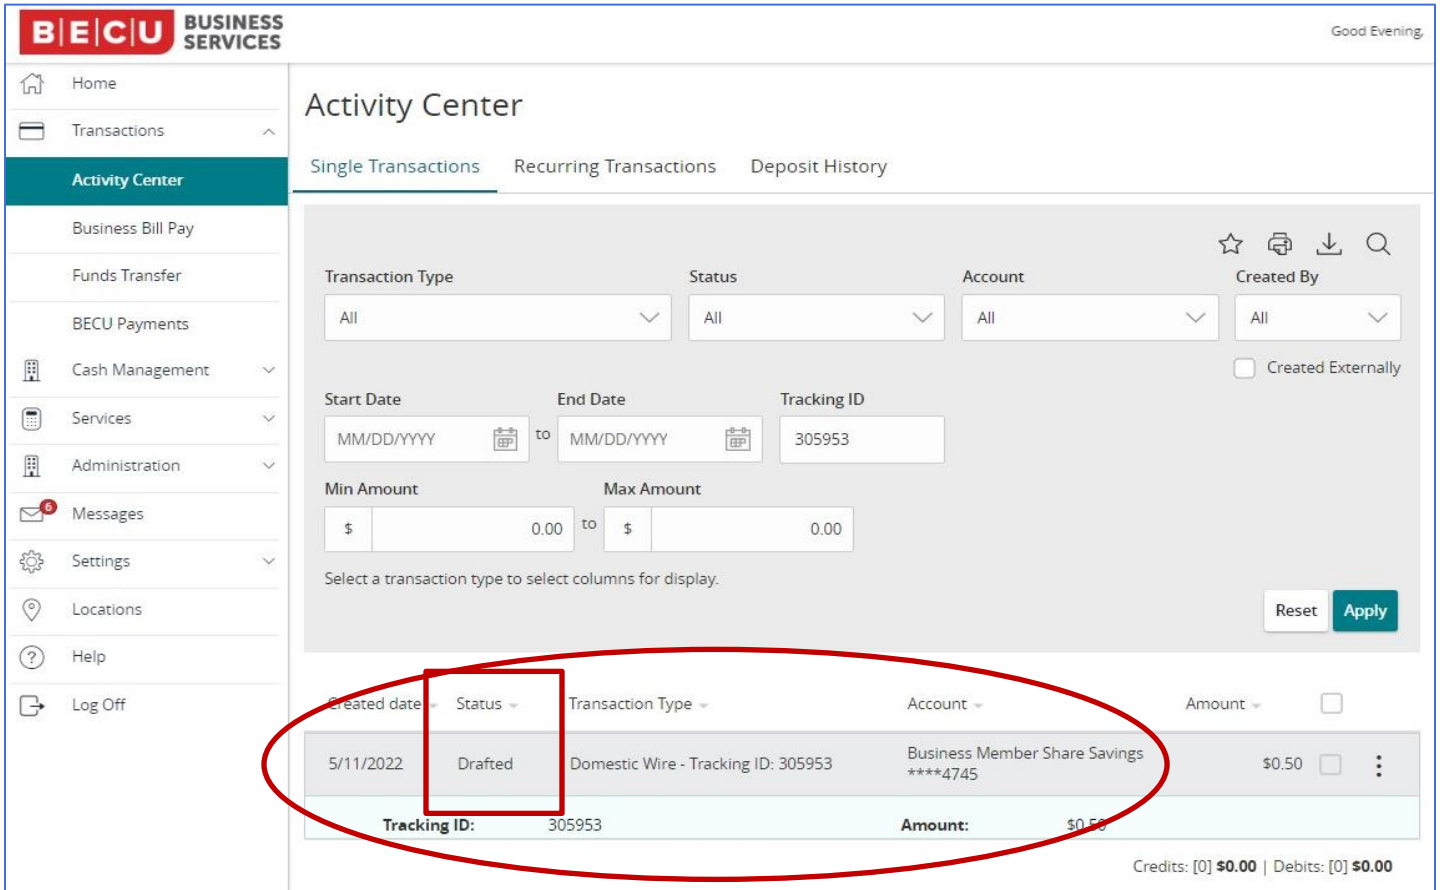

FIGURE 44

Activity Center

You will see the drafted wire with wire details listed. The wire status will be Drafted.

The screenshot shows the BECU Activity Center interface. The left sidebar contains navigation options: Home, Transactions, Activity Center (selected), Business Bill Pay, Funds Transfer, BECU Payments, Cash Management, Services, Administration, Messages, Settings, Locations, Help, and Log Off. The main content area is titled 'Activity Center' and has tabs for 'Single Transactions', 'Recurring Transactions', and 'Deposit History'. Below the tabs are filters for Transaction Type, Status, Account, and Created By, all set to 'All'. There are also date filters for Start Date and End Date, and a Tracking ID filter set to '305953'. Amount filters for Min and Max are set to '\$ 0.00'. A 'Created Externally' checkbox is present. A 'Reset' button and an 'Apply' button are at the bottom right of the filter section. Below the filters is a table of transactions. One transaction is highlighted with a red oval: it has a 'Created date' of 5/11/2022, a 'Status' of 'Drafted', a 'Transaction Type' of 'Domestic Wire - Tracking ID: 305953', an 'Account' of 'Business Member Share Savings ****4745', and an 'Amount' of '\$0.50'. To the right of the amount is a vertical ellipsis icon (three stacked dots). Below the table, there is a summary row: 'Tracking ID: 305953' and 'Amount: \$0.50'. At the bottom right, it says 'Credits: [0] \$0.00 | Debits: [0] \$0.00'.

FIGURE 45

You may approve Drafted wires by clicking on the far right stacked dots that toggle on additional actions for that wire.

The screenshot shows the BECU Business Services interface. On the left is a navigation menu with 'Settings', 'Locations', 'Help', and 'Log Off'. The main area displays a table of transactions. The selected transaction is a 'Domestic Wire' for \$0.50, created on 5/11/2022. A context menu is open over the transaction, listing options: 'Toggle Details', 'Approve', 'Cancel', 'Copy', and 'Print Details'. The 'Approve' option is highlighted with a red circle. Below the table, a summary shows 'Credits: [0] \$0.00 | Debits: [0] \$0.00'.

FIGURE 46

Clicking on Approve takes you to a confirmation pop up.

The screenshot shows a confirmation pop-up window titled 'Approve Transaction'. It features a yellow warning icon and the text 'Are you sure you want to approve this transaction?'. At the bottom, there are two buttons: 'No' and 'Confirm'. A red arrow points to the 'Confirm' button.

FIGURE 47

Clicking on Confirm takes you to the two-factor authentication pop up.

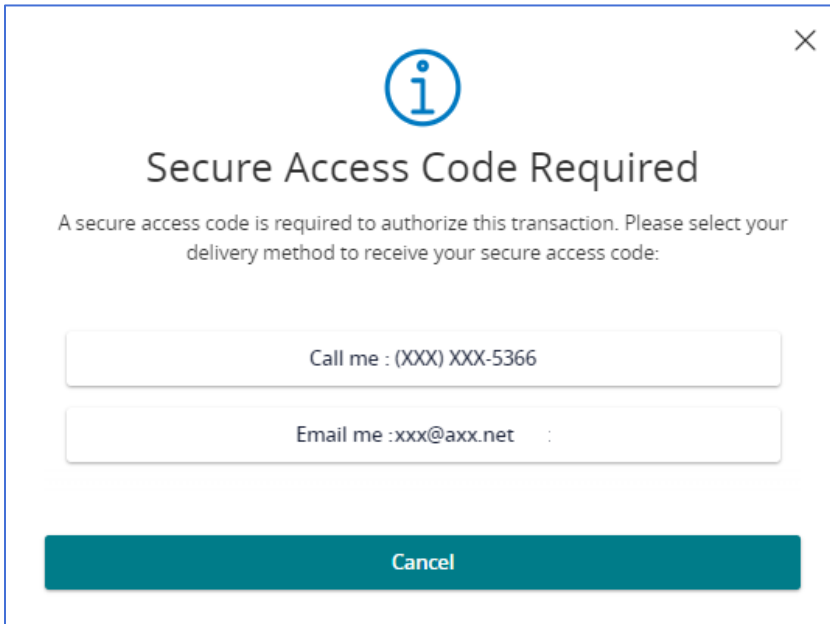

FIGURE 48

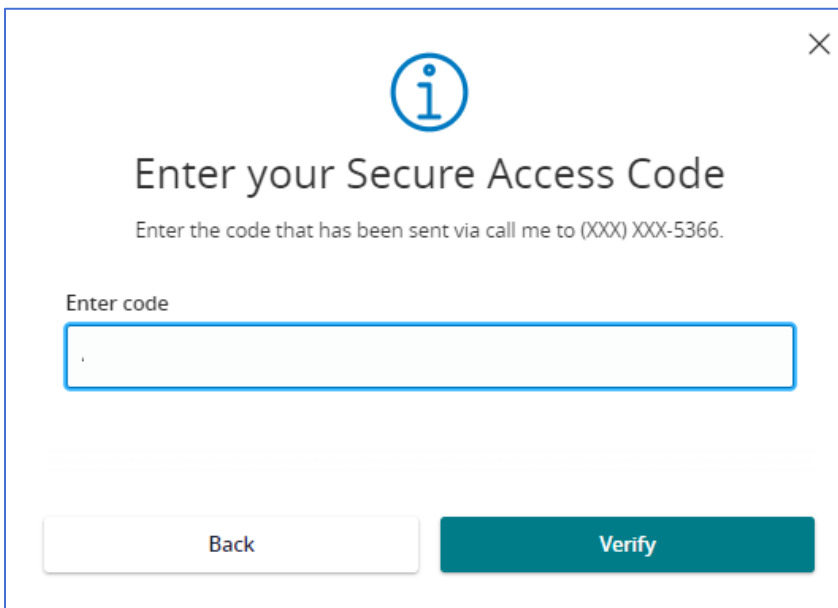

FIGURE 49

Verifying the correct code will take you to a Transaction Approved pop up box.

FIGURE 50

You can now see that the transaction status has changed from Drafted to Authorized.

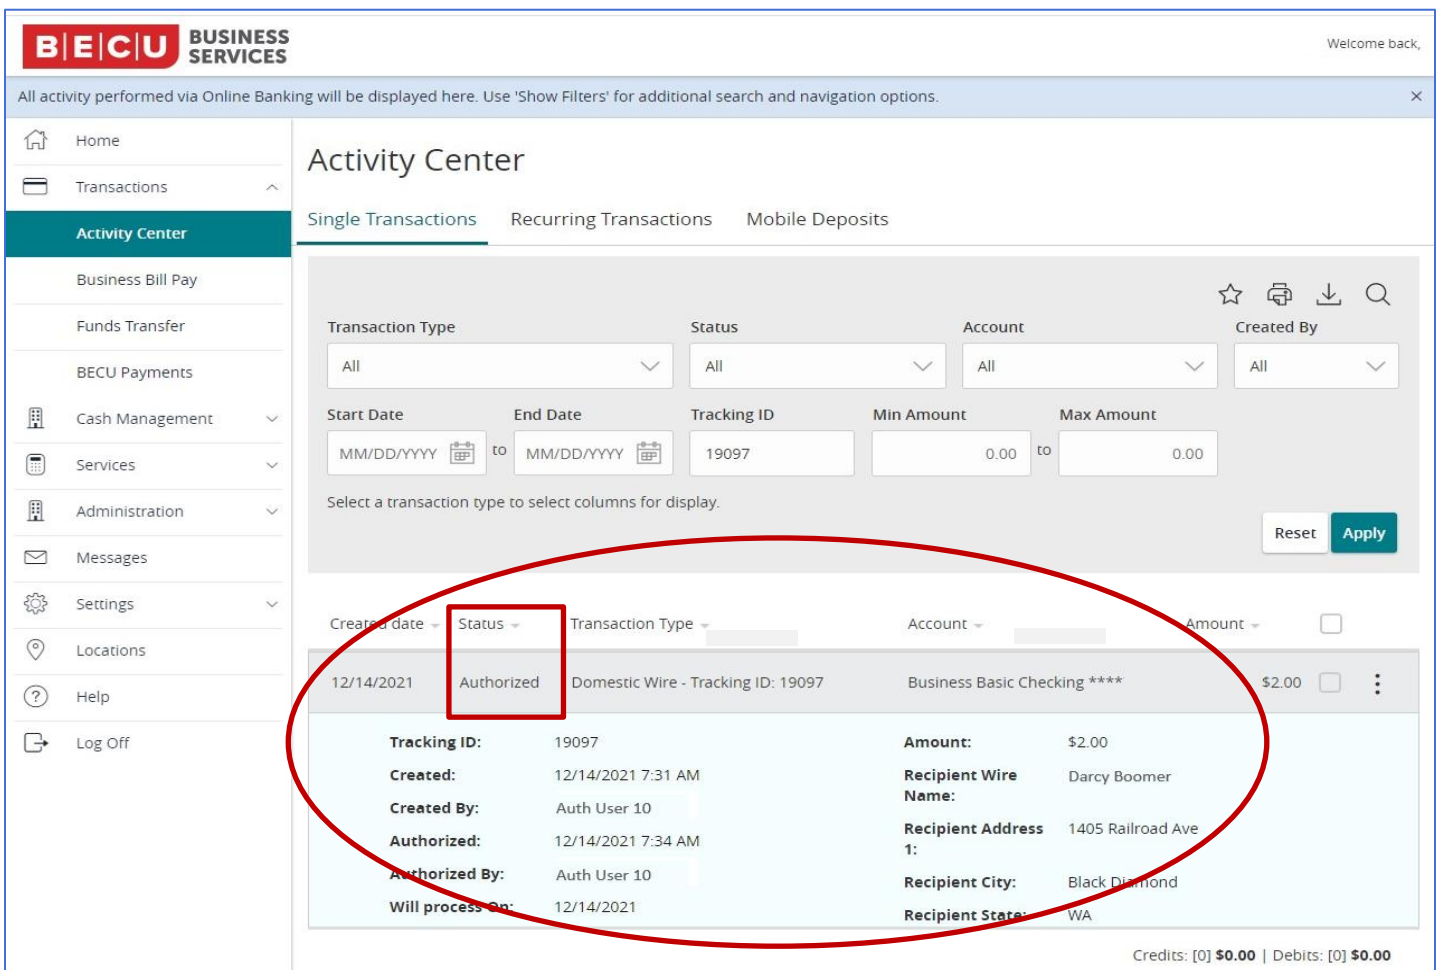

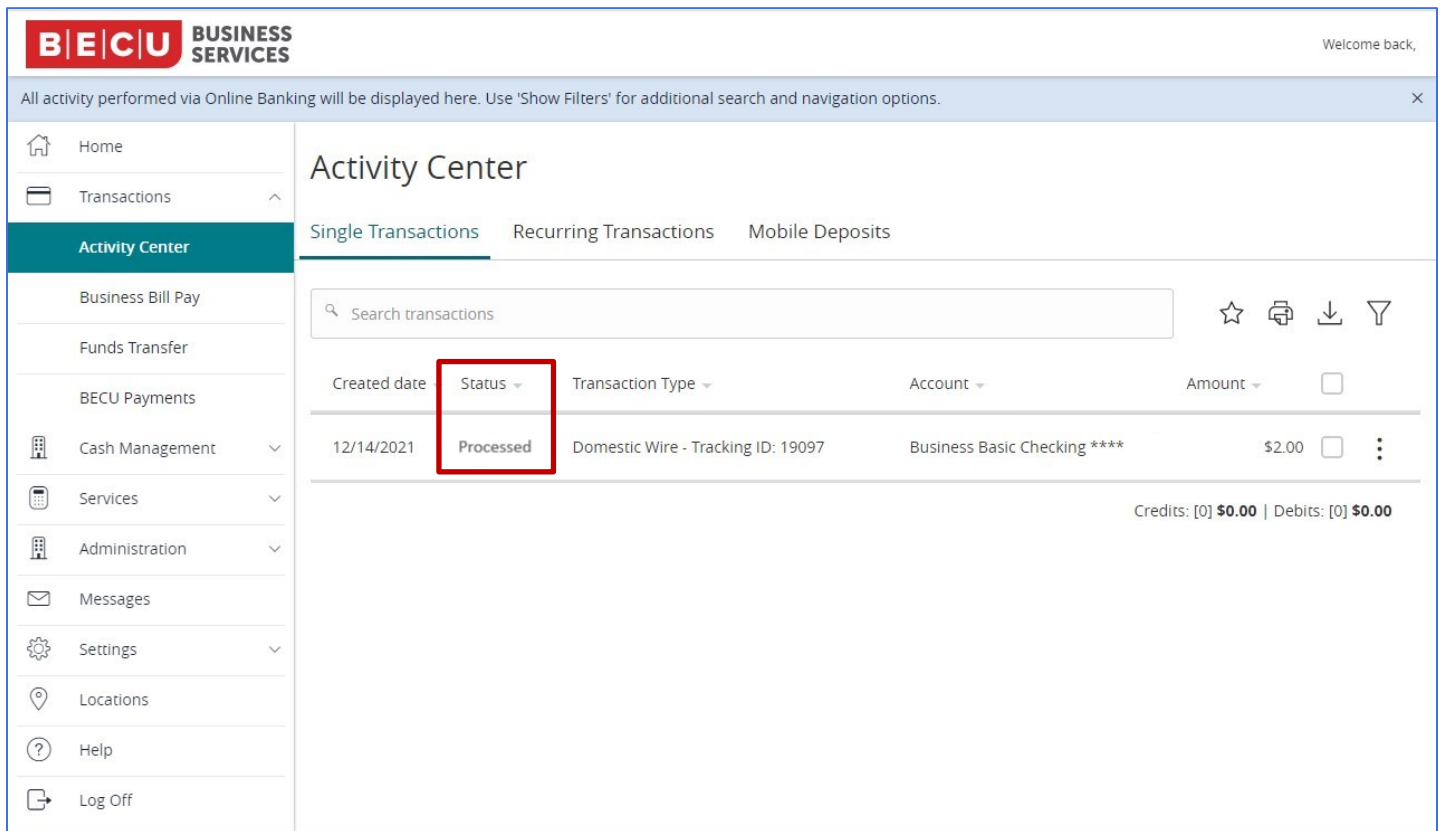

FIGURE 51

When the wire begins processing, the status of the wire will change to Processed.

The screenshot shows the BECU Business Services Activity Center interface. On the left is a navigation menu with options like Home, Transactions, Activity Center, Business Bill Pay, Funds Transfer, BECU Payments, Cash Management, Services, Administration, Messages, Settings, Locations, Help, and Log Off. The main area is titled 'Activity Center' and has tabs for 'Single Transactions', 'Recurring Transactions', and 'Mobile Deposits'. Below the tabs is a search bar and a table of transactions. The table has columns for 'Created date', 'Status', 'Transaction Type', 'Account', and 'Amount'. A single transaction is listed with a 'Created date' of 12/14/2021, a 'Status' of 'Processed' (highlighted with a red box), a 'Transaction Type' of 'Domestic Wire - Tracking ID: 19097', an 'Account' of 'Business Basic Checking ****', and an 'Amount' of '\$2.00'. At the bottom right of the table, it shows 'Credits: [0] \$0.00 | Debits: [0] \$0.00'.

FIGURE 52

Note: The wire status in the Activity Center will remain as Processed no matter what happens to the wire after this point. A wire can be completed or cancelled, but the updated status will not display in the Activity Center. To view the final status of a wire, go to the Wire Activity Page under Cash Management.

Wire Activity

All processed wires will display on the Wire Activity screen as they move through wire processing. Completed wires will display a long IMAD number that indicates the wire has been completed, sent to the FedWire, and sent on to the beneficiary financial institution. Wires not displaying an IMAD are still being processed. Typically, it can take a few minutes to an hour or more for a wire to process, based on whether it goes through any type of manual or automated review before release.

Note: If you have not received an IMAD by the end of your process date, then an error has occurred. In this situation, contact the Business Support group at 800-704-8080.

1. Click on a Tracking ID number to see all the details of that wire.

The screenshot shows the BECU Business Services interface. On the left is a navigation menu with options like Home, Transactions, Cash Management, External Payments, Recipient Management, Wire Activity (highlighted), Services, Administration, Messages, Settings, Locations, Help, and Log Off. The main content area is titled 'Wire Activity' and features a search bar and utility icons (star, print, download, refresh). Below the search bar, there's a tab for 'Outgoing (5)'. A table lists five outgoing wires. A red arrow points to the first wire's Tracking ID.

Tracking ID	Process Date	Amount	Recipient	Receiving Institution	From Account	IMAD
20213480025900	12/14/21	\$1.00	Sara 123456	SECURITY STATE BANK	Business Money Market ****	Awaiting IMAD...
20213470060000	12/13/21	\$1.25	Jennifer 28345	BECU	Main Checking ****	20211213L1LFBM2C000140

Setting Up Recipients and Templates

You can set up your recipients and wire templates ahead to save time when sending wires to the same person or when sending similar wires with different amounts.

Recipient Management

The process for setting up a new recipient in the Recipient Management section is the same as adding a new recipient.

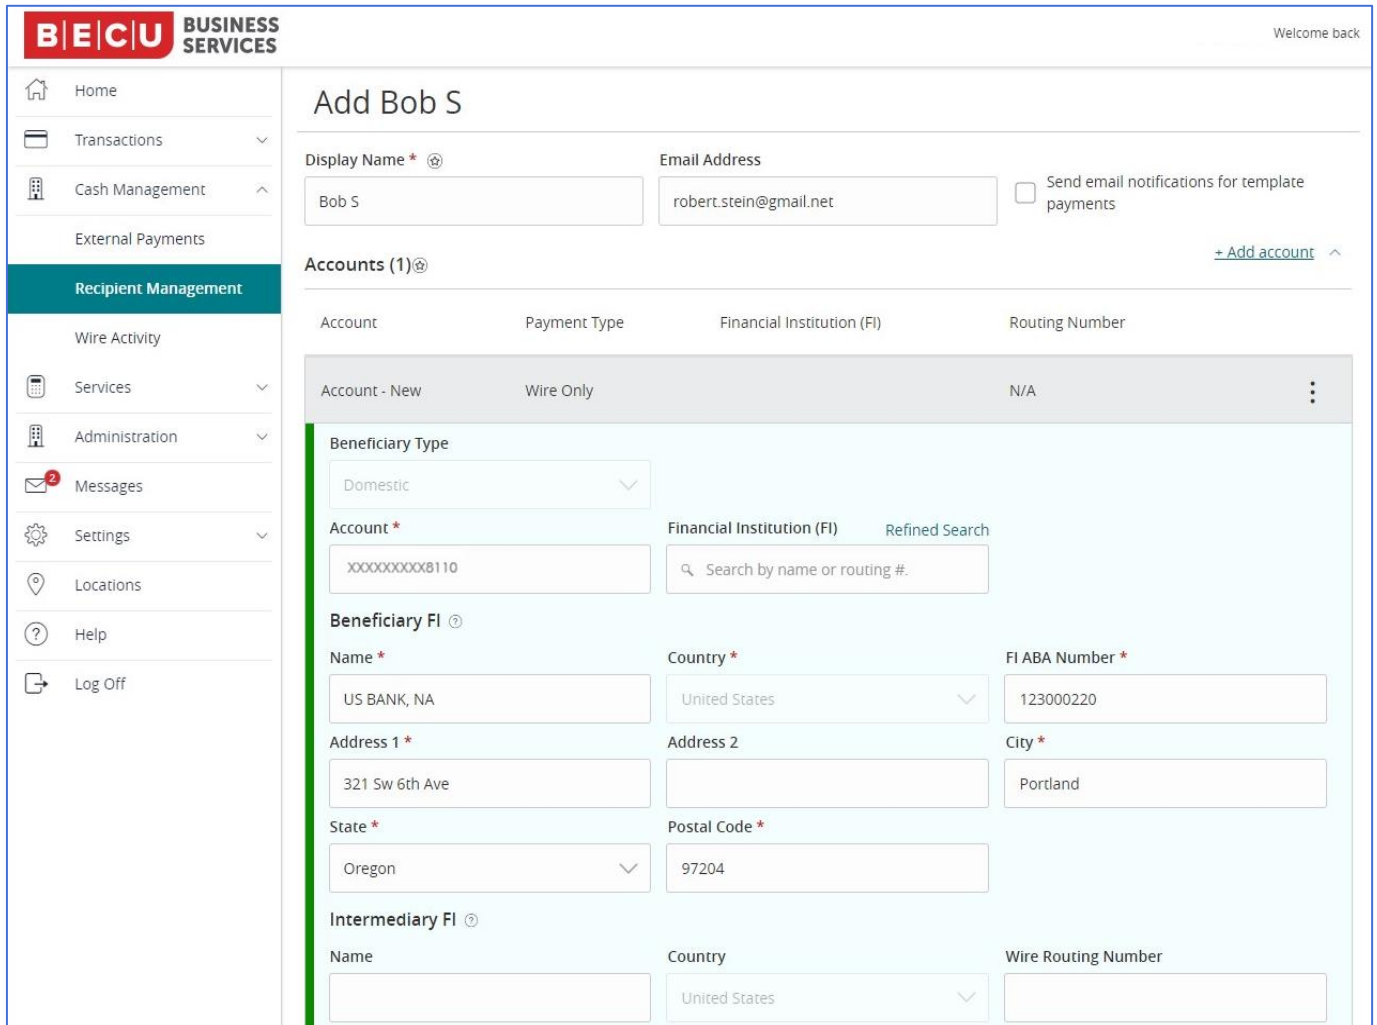

1. Click the New Recipient button to add a new recipient.

Name	Email Address	Number of Accounts	Actions
Darcy Boomer	darcyboom@gmail.com	1	⋮
Nick	ndonner@truckparts.net	1	⋮

FIGURE 54

2. Enter the Beneficiary and Financial Institution information on the Recipient Management screen.

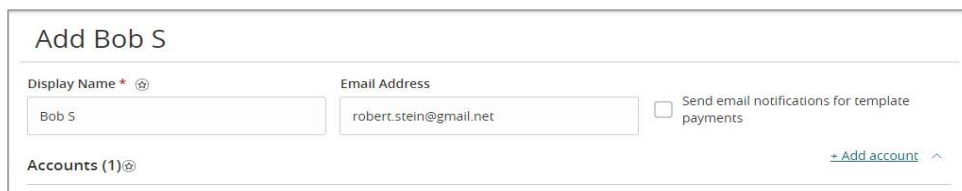

The screenshot shows the 'Add Bob S' form in the Recipient Management section. The form includes a sidebar with navigation options like Home, Transactions, Cash Management, External Payments, Recipient Management (highlighted), Wire Activity, Services, Administration, Messages, Settings, Locations, Help, and Log Off. The main form area contains the following fields:

- Display Name ***: Bob S
- Email Address**: robert.stein@gmail.net
- Send email notifications for template payments
- Accounts (1)**: A table with one entry: Account - New, Payment Type: Wire Only, Financial Institution (FI): N/A, Routing Number: N/A. A '+ Add account' link is visible.
- Beneficiary Type**: Domestic
- Account ***: xxxxxxxxxxxx8110
- Financial Institution (FI)**: Search by name or routing #.
- Beneficiary FI**:
 - Name ***: US BANK, NA
 - Country ***: United States
 - FI ABA Number ***: 123000220
 - Address 1 ***: 321 Sw 6th Ave
 - Address 2**: (empty)
 - City ***: Portland
 - State ***: Oregon
 - Postal Code ***: 97204
- Intermediary FI**:
 - Name**: (empty)
 - Country**: United States
 - Wire Routing Number**: (empty)

FIGURE 55

3. Click the Add Account drop-down to open a new Account screen.

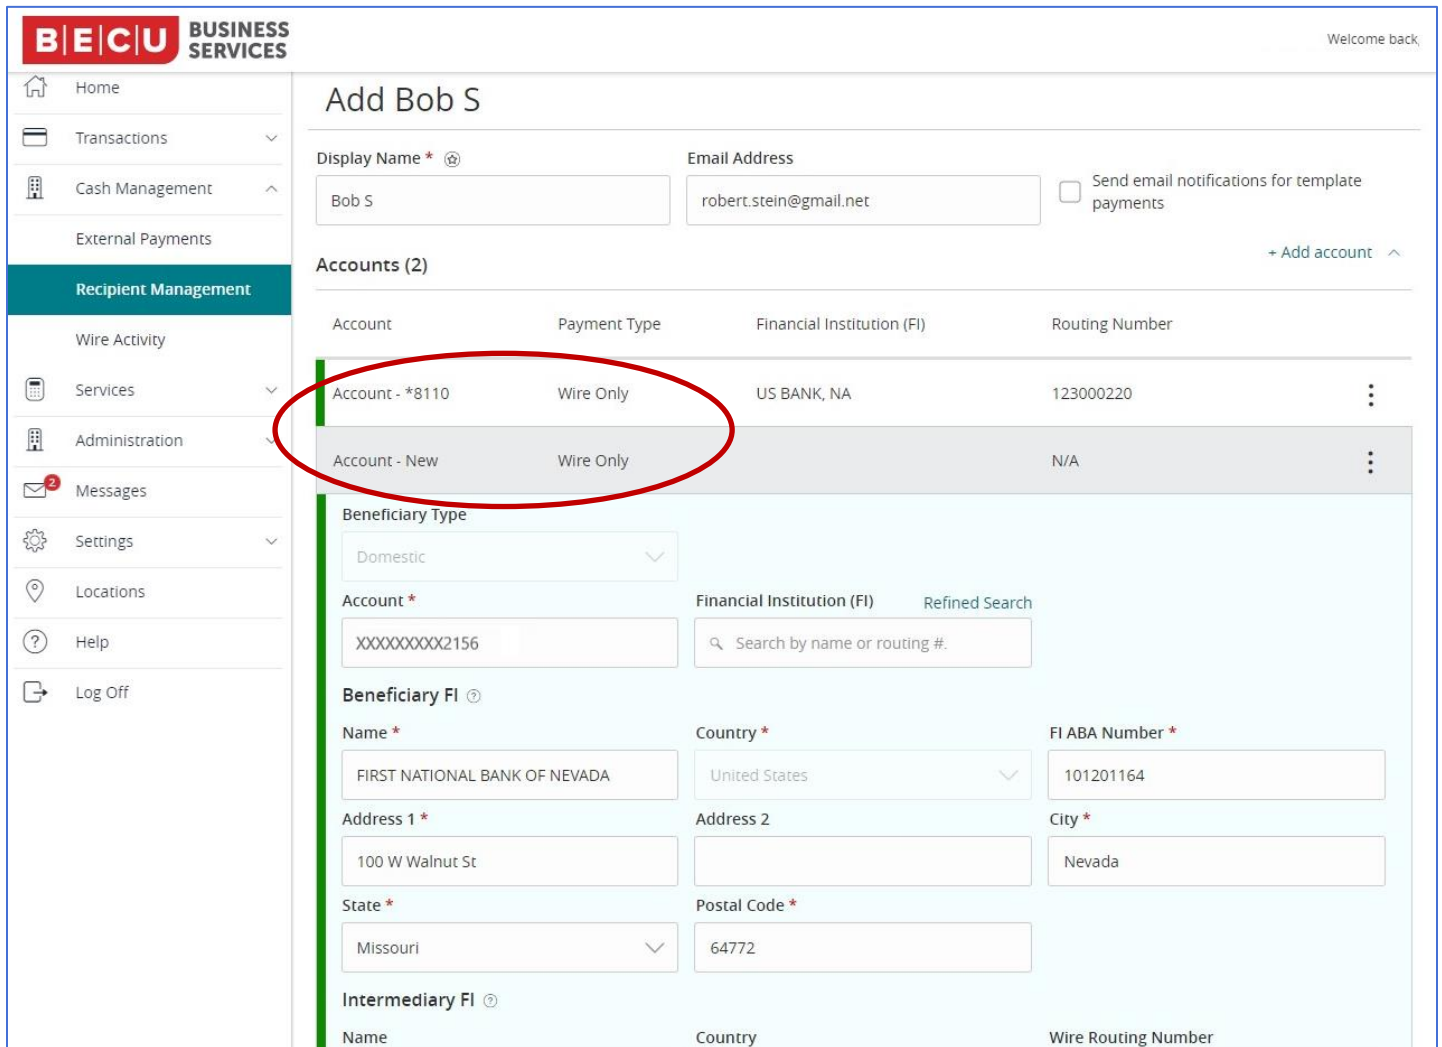

Note: You can add more than one financial account and financial institution for each recipient.

This is a close-up view of the 'Add Bob S' form, showing the same fields as Figure 55. The 'Accounts (1)' section is highlighted with a red box, and the '+ Add account' link is visible.

Appendix A: Domestic Wires Request Form

Opting out of Dual Control Security

The Domestic Wires Request Form that can be accessed via DocuSign or accessed in person at a Neighborhood Financial Center, includes a "Decline Dual Control" section that must be signed and returned for Dual Control to be disabled for a member. For a copy of this form, call BECU at 800-704-8080.

Business Online Banking Domestic Wires Request Form

Please complete this form to request, change or cancel your online domestic wires service in Business Online Banking. Please note to request online wires service, you must be an existing BECU Business member in good standing for at least 30 days and you must be using the Business Online Banking platform. Please allow two to five business days for processing. Submit the completed, signed form in person at any BECU NFC or access it via BECU.org and complete a DocuSign form to be submitted electronically. If you have any questions, please contact a BECU business representative at 800-704-8080. All information is required unless otherwise noted.

For new requests, complete sections 1, 2, 3, 5 and optionally 6

To change your current online wire service complete sections 1, 5 and optionally 2, 3, and 6

To cancel your online wire service, complete sections 1, 2, 4 and 5

1. Business Information		
BUSINESS NAME (AND DBA, IF APPLICABLE)	TIN	BECU USE ONLY: Org #:

<input type="checkbox"/> Service not used <input type="checkbox"/> Fraud / Compromise <input type="checkbox"/> Fees <input type="checkbox"/> Service issue <input type="checkbox"/> Wire issue Other (please explain): _____		
5. Acknowledgement, Agreement and Security Procedure		
By signing below, you certify that you are authorized to make the requests indicated on this form on behalf of the business and are authorized to take all other actions and steps reasonable or necessary to do so and deliver any instruments or agreements, as necessary to BECU, and that the information you provide on this form is accurate, complete, and true. In addition, unless you are canceling your online wire service, you acknowledge and agree that:		
1. You read and understand the Business Online Banking Domestic Wires (the "Service") security procedure as it is described in the Terms and Conditions of the Business Online Banking Wire Transfer Service Agreement and also in the Business Online Banking Domestic Wire User Guide ("Security Procedure").		
2. Unless you modify the Security Procedure and decline dual control (see below), the Security Procedure is commercially reasonable for you and that it is sufficient to verify the authenticity of wire orders and you waive any objection that it is not; and		
3. You are solely responsible for and that you are bound by the transfer instructions that we receive through the Service and the wire orders that BECU accepts in compliance with the Security Procedure, whether the wire order or the individual using the Service is authorized or unauthorized by you.		
SIGNATURE	NAME	DATE
6. Modify the Security Procedure and Decline Dual Control		
The Security Procedure, in part, includes dual control procedures (one user may draft the wire order and a separate user must approve and send the wire order). You may voluntarily elect to modify the Security Procedures by declining dual control, however, if you decline dual control, you understand you are voluntarily assuming the risk of fraud and authentication failure and you will bear any resulting loss that occurs.		
By selecting the Decline Dual Control option and signing below, you are directing us to not implement dual control procedures because they are not necessary for your business, and you are voluntarily assuming the increased risk and liability resulting from declining dual control as part of the Security Procedure.

FIGURE 67

Appendix B: Fraud Prevention Tips for Online Wires

Online wires offer an efficient and secure way to send wires right from your desktop or mobile device. However, businesses who send wires often fall prey to scams and fraudulent schemes. To help protect your business, we've compiled some information about fraudsters' common tactics and tips for how you and your employees can reduce the risk of falling for a scam or fraudulent schemes. It is important to note that fraudsters are always looking for new sophisticated ways to scam businesses and individuals and to commit payments fraud.

A few common scams and fraud schemes:

- **Phishing, Smishing & Vishing:** Fraudsters use a variety of ways to commit their crimes, including sending emails (phishing), text messages (smishing) or even making phone calls (vishing) to find their next fraud victims. With these communications, they are carrying out a scam by trying to prompt action, such as clicking a link or asking for your online credentials or security codes.
- **Malware:** When an employee clicks on a suspicious link, opens an attachment or even visits certain websites, criminals can download malicious software (malware) on the employee's computer. Through the employee's computer, malware can infiltrate your company's email system, network or other technology resources to use confidential information to ease in their efforts to perpetrate a scam and to commit fraud.
- **Account Takeover:** When a fraudster hacks into your computer or gains access to your login credentials, they can conduct the same type of activity you or your employees do, including sending wires. If an employee has access to send an online wire, the fraudster will have the same access. That's one reason controls like dual approval and separation of duties are critical to ensure two parties within your business participate in submitting and reviewing the wire transfer – so the fraudster can't easily act alone to successfully send a wire.
- **Business Email Compromise (BEC) Scams:** With BEC scams, a fraudster tries to dupe an individual into sending a new payment or making changes to existing payment instructions, such as account numbers. A common tactic is to send an email pretending to be a company executive asking for a payment to be sent with a sense of urgency or secrecy. The email could be sent from the executive's legitimate email address that the fraudster hacked or from a spoofed email where they've setup a similar email address to dupe the recipient. There are several types of BEC scams, but in each situation the fraudster's goal is to prompt the unwitting recipient into action.

Best Practices & Tips:

- Use a unique password for your Business Online Banking access – one you've never used before and won't use in other systems
- Limit users' access to online wires for only those individuals who need to send or approve wires and establish appropriate controls, such as tailored limits
- Setup your system administrator as a Business Online Banking user and log in with the user ID – limiting a potential fraudster's ability to make administrative changes
- Implement a verification process by calling the phone number on file for new payment requests or for making changes to existing instructions
- Train your employees to be cautious of suspicious emails or links they receive and to scrutinize payment requests or changes before acting
- Utilize a separation of duties model for payments-related activities, such as processing wire requests which helps prevent problems such as account takeover fraudulent payments
- Establish a separate account – distinct from your operating funds – to be used for electronic purposes, such as sending or receiving wire transfers
- Create and implement a policy that prohibits company computers from accessing unauthorized websites, such as social media sites
- Create and implement a policy that prohibits the use of public Wi-Fi for conducting business banking activities
- Check the activity on your business accounts throughout the day and report any questionable transactions to us immediately at 800-704-8080

If you think you've been the victim of fraud, contact us immediately at 800-704-8080. You can also report the incident to the [FBI's Internet Crime Complaint Center](#) or the [Federal Trade Commission \(FTC\)](#).
