## Home Equity and Home Improvement Loans

### Home Equity Lines of Credit

**\*Introductory Rate:** Introductory rate available for applications submitted through 07/31/2026 on owner-occupied new HELOC originations. Excludes second homes, investment properties, and existing HELOCs. The introductory rate is based on your creditworthiness. The introductory rate will be in effect for the first six months from the date of HELOC account opening and will not vary based on changes to the Prime Rate.

**After the Introductory Period:** After the introductory period ends, any and all remaining balances and new advances will convert to the variable APR per the terms of your HELOC Agreement. The APR may vary monthly with the Prime Rate.

**Requirements and Terms:** Primary Residence, Second Home, Vacation Home, Investment and Rental properties must be located in one of the following states: WA, OR, CA, AZ, KS, MO, ID, IL, PA and SC. Home Equity Line of Credit APRs do not include costs and rate may vary monthly with the Prime Rate, but will never exceed 18% or go below 3.25%. During the credit advance draw period, payments equal monthly payments of interest, subject to lesser of \$100 or your balance and principal is not reduced. At the end of the draw period, your monthly payment will increase equal to the principal and interest amount necessary to pay the loan balance over the remainder of the loan term. Home Equity Line of Credit Account Fixed Rate Advances provide for up to 15 years of monthly principal and interest payments, depending on the amount advanced. Fixed Rate Advances are subaccounts of a Home Equity Line of Credit (HELOC).

**Fees and Charges:** Borrower will not be required to pay any fees or charges to BECU for opening a HELOC account (for example, no origination fee, and no fees to reimburse BECU for obtaining title insurance and an appraisal or other property valuation),

but Borrower will be obligated to pay insurance premiums directly to an insurance company that the Borrower chooses to provide hazard insurance for the subject property (including flood insurance, if applicable) and Borrower additionally may elect to request that third parties perform services, such as overnight delivery of documents to Borrower, for which Borrower will need to reimburse BECU.

If the title report shows liens, judgments, deceased owners or other title issues, or if the appraisal report shows problems with the subject property, Borrower may be required to pay third parties to subordinate or otherwise resolve such title issues and/or to repair or otherwise resolve such subject property problems. Borrower must pay for optional services (e.g., retaining an attorney not required to open a HELOC). In South Carolina, where the law requires use of an attorney, BECU will be solely responsible for paying all attorney's fees and costs necessary to open the HELOC, and will perform this responsibility fully by paying all reasonable attorney's fees and costs related specifically to the closing based on rates typically charged by attorneys in the local market for the closing of similar HELOC transactions. Borrower will be responsible for paying state and local taxes, "Payment by Phone" fees, and fees for reconveyance or mortgage satisfaction, late payments, and subordination of similar change. Borrower must pay all charges related to any existing loan paid off by the new BECU HELOC (e.g., a prepayment penalty or payoff demand fee imposed by a previous lender). Borrower also must pay per diem interest. Terms and conditions are subject to change without notice.

### Home Improvement Loan (not secured by property)

This Home Improvement loan is not secured by property and must be used to modify a dwelling. Loan amounts up to \$50,000, terms up to 84 months.

## Statement of the Military Annual Percentage Rate (MAPR)

Federal law provides important protections to members of the Armed Forces and their dependents relating to extensions of consumer credit. In general, the cost of consumer credit to a member of the Armed Forces and his or her dependent may not exceed an annual percentage rate of 36 percent. This rate must include, as applicable to the credit transaction or account: The costs associated with credit insurance premiums; fees for ancillary products sold in connection with the credit transaction; any application fee charged (other than certain application fees for specified credit transactions or accounts); and any participation fee charged (other than certain participation fees for a credit card account). If you are a Military Lending Act covered borrower, BECU will not assess an MAPR exceeding 36 percent regardless of the ARPs disclosed in the table above.
